

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kalaivani Jaganathan
DOCKET NO.: 21-00966.001-R-1
PARCEL NO.: 15-21-210-047

The parties of record before the Property Tax Appeal Board are Kalaivani Jaganathan, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,339
IMPR.: \$74,216
TOTAL: \$110,555

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,596 square feet of living area. The dwelling was constructed in 1996. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 400 square foot garage. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within the same neighborhood as the subject and within .22 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction with 1,596 square feet of living area. The dwellings were built in 1995 or 1996. Four comparables have basements and one comparable has a concrete slab foundation. Each comparable has central air conditioning and a garage with 400 square feet of building area. Three comparables each have one fireplace. The

properties sold from June 2020 to February 2021 for prices ranging from \$290,000 to \$320,000 or from \$181.70 to \$200.50 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,555. The subject's assessment reflects a market value of \$332,496 or \$208.33 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .36 of a mile from the subject property. Comparable #1 is located within the same neighborhood as the subject. The comparables are improved with two-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 1,596 to 1,983 square feet of living area. The homes were built from 1996 to 2013. The comparables have basements, with one having finished area. Each comparable has central air conditioning and a garage with 400 or 420 square feet of building area. The properties sold from January to September 2021 for prices ranging from \$351,900 to \$417,000 or from \$203.73 to \$233.74 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten comparable sales for the Board's consideration. The Board gives less weight to the board of review comparables #2 through #5 due to differences from the subject dwelling in year built and size.

The Board finds the best evidence of market value to be the appellant's comparables and board of review comparable #1 which are most similar to the subject in location, age, design, dwelling size and features. However, the appellant's comparables lack finished basement area which is a feature of the subject suggesting upward adjustments are necessary to make them more equivalent to the subject. These comparables sold from June 2020 to June 2021 for prices ranging from \$290,000 to \$351,900 or from \$181.70 to \$220.49 per square foot of living area, including land. The subject's assessment reflects a market value of \$332,496 or \$208.33 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
