

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Eisendrath
DOCKET NO.: 21-00989.001-R-1
PARCEL NO.: 16-32-309-018

The parties of record before the Property Tax Appeal Board are Robert Eisendrath, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$57,914
IMPR.: \$115,841
TOTAL: \$173,755

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,520 square feet of living area. The dwelling was constructed in 1971. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 483 square foot garage. The property has a 10,800 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within .32 of a mile from the subject property. Two comparables have sites that contain 10,800 or 10,920 square feet of land area. No site sizes were provided for comparables #1 and #4. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,700 to 3,100 square feet of living area. The dwellings were built from 1970 to 1974. The

appellant reported that one comparable has a concrete slab foundation and three comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a garage with 440 or 483 square feet of building area. Comparables #1 and #2 have inground swimming pools. The comparables sold from January to August 2020 for prices ranging from \$337,000 to \$563,000 or from \$124.81 to \$184.03 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$173,755. The subject's assessment reflects a market value of \$522,571 or \$207.37 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on seven¹ comparable sales located within .35 of a mile from the subject property. Comparable #7 is the same as appellant's comparable #3. Six comparables have sites that range in size from 9,600 to 25,060 square feet of land area. No site size was provided for comparable #5. The comparables are improved with two-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 2,353 to 2,892 square feet of living area. The dwellings were built from 1953 to 1975. The board of review reported that five comparables have basements, one of which has finished area and two comparables have concrete slab foundations. Each comparable has central air conditioning, and a garage ranging in size from 440 to 836 square feet of building area. Six comparables each have one fireplace. The comparables sold from May 2020 to March 2021 for prices ranging from \$525,000 to \$605,000 or from \$184.03 to \$223.12 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration where one comparable was common to both parties. The Board has given less weight to the appellant's comparables #1, #2 and #4, as well as board of review comparables #1, #4, #5 and #6 which differ from the subject in dwelling size, age, foundation type and/or they have an inground swimming pool which is not a feature of the subject.

The Board finds the best evidence of market value to be the parties' common comparable and board of review comparables #2 and #3, which are relatively similar to the subject in location,

¹ The Board has renumbered the board of review's second set of two comparables as #6 and #7.

dwelling size, design, age and some features. These comparables sold from May to November 2020 for prices ranging from \$530,000 to \$605,000 or from \$184.03 to \$219.11 per square foot of living area, including land. The subject's assessment reflects a market value of \$522,571 or \$207.37 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record in terms of price per square foot and below on overall market value. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
