

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sharon E. Morris
DOCKET NO.: 21-00991.001-R-1
PARCEL NO.: 15-05-403-001

The parties of record before the Property Tax Appeal Board are Sharon E. Morris, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,218
IMPR.: \$96,264
TOTAL: \$119,482

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,868 square feet of living area. The dwelling was constructed in 1977. Features of the home include a basement with finished area, central air conditioning, and a 441 square foot garage. The property has a 6,500 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.55 of a mile from the subject. The parcels range in size from 5,220 to 12,020 square feet of land area and are improved with 2-story homes of wood siding exterior construction ranging in size from 1,612 to 2,177 square feet of living area. The dwellings were built from 1976 to 1978. Two homes have a basement, two homes have a concrete slab foundation, and one home has a crawl space

foundation. Each home has central air conditioning and a 420 or a 441 square foot garage. Three homes have a fireplace. The comparables sold from March 2020 to April 2021 for prices ranging from \$255,000 to \$395,000 or from \$147.75 to \$181.44 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$119,482. The subject's assessment reflects a market value of \$359,344 or \$192.37 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.65 of a mile from the subject. The parcels range in size from 6,500 to 10,890 square feet of land area and are improved with 2-story homes of wood siding exterior construction ranging in size from 1,344 to 1,868 square feet of living area. The dwellings were built from 1975 to 1980. Four homes have a basement, two of which have finished area, and one home has a crawl space foundation. Each home has central air conditioning and a garage ranging in size from 399 to 462 square feet of building area. Three homes each have a fireplace. The comparables sold from February 2020 to October 2021 for prices ranging from \$305,000 to \$405,000 or from \$207.44 to \$226.93 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #4, and #5 and the board of review's comparables #1 and #5, due to substantial differences from the subject in dwelling size or foundation type.

The Board finds the best evidence of market value to be the appellant's comparable #3 and the board of review's comparables #2, #3, and #4, which are identical or similar to the subject in dwelling size and are similar to the subject in age, location, and features. These most similar comparables sold for prices ranging from \$280,000 to \$405,000 or from \$149.89 to \$216.81 per square foot of living area, including land. The subject's assessment reflects a market value of \$359,344 or \$192.37 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
