

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ashish Dave  
DOCKET NO.: 21-01027.001-R-1  
PARCEL NO.: 15-29-308-021

The parties of record before the Property Tax Appeal Board are Ashish Dave, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$31,662  
**IMPR.:** \$86,660  
**TOTAL:** \$118,322

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,136 square feet of living area. The dwelling was constructed in 1972. Features of the home include a crawl space foundation, central air conditioning, a fireplace and a 440 square foot garage. The property has a 10,181 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located in the same neighborhood code as the subject property and within 0.63 of a mile from the subject property. The comparables are reported to have sites ranging in size from 8,770 to 14,850 square feet on land area. These comparables are described as 2-story dwellings of wood siding exterior construction that were built from 1970 to 1972 and each containing 2,136 square feet of living area. Four comparables each have a crawl space foundation and one comparable has an unfinished basement. Each comparable has central air conditioning, a fireplace and a garage containing 440 square feet of

building area. The appellant disclosed the subject property sold in August 2018 for \$360,000. The comparables sold from January 2020 to January 2021 for prices ranging from \$280,000 to \$320,000 or from \$131.09 to \$149.81 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,322. The subject's assessment reflects a market value of \$355,856 or \$166.60 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, comparable #2 is the same property as the appellant's comparable #2. Two comparables are located in the same neighborhood code as the subject and within 0.96 of a mile from the subject property. The comparables have sites that range from 7,490 to 10,610 square feet on land area. The comparables are described as 2-story dwellings of wood siding exterior construction that were built from 1970 to 1985. The dwellings range in size from 1,636 to 2,136 square feet of living area. One comparable has a crawl space foundation and three comparables each have an unfinished basements. Each comparable has central air conditioning, a fireplace and a garage ranging from 400 to 441 square feet of building area. The comparables sold from July 2020 to June 2021 for prices ranging from \$307,000 to \$449,000 or from \$143.73 to \$216.99 per square foot of living area, land included. The subject's property record card submitted by the board of review disclosed the subject sold in August 2018 for \$360,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted eight comparable sales, with one comparable being common to both parties, for the Boards consideration. The Board gives less weight to the common comparable along with board of review comparables #3 and #4 due to their basement foundations when compared to the subject's crawl space foundation.

The Board finds the best evidence of market value to be the appellant's comparables #1, #3, #4 and #5 along with the board of review comparable #1 which are identical to the subject in location, dwelling size and design and are similar to the subject in age and features. These comparables sold from January 2020 to June 2021 for prices ranging from \$280,000 to \$449,000 or from \$131.09 to \$210.21 per square foot of living area, including land. The subject's assessment reflects a market value of \$355,856 or \$166.60 per square foot of living area, including land, which falls within the range established by the best comparables sales in this record. Furthermore, the subject estimated market value of \$355,856 is less than the 2018

purchase price of \$360,000. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
