

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Taylor  
DOCKET NO.: 21-01029.001-R-1  
PARCEL NO.: 16-36-215-011

The parties of record before the Property Tax Appeal Board are Michael Taylor, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$94,524  
**IMPR.:** \$122,121  
**TOTAL:** \$216,645

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,993 square feet of living area. The dwelling was constructed in 1941 and has a reported effective age of 1955. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 399 square foot garage. The property has an 11,460 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .55 of mile from the subject property. The comparables have sites that range in size from 13,640 to 27,690 square feet of land area. The comparables are improved with 2-story dwellings of brick, stone, wood siding or brick and wood siding exterior construction ranging in size from 2,327 to 3,693 square feet of living area.

The dwellings were built from 1926 to 1951 and have reported effective ages ranging from 1942 to 1968. Comparable #3 has a crawl space foundation and four comparables each have a basement with finished area. Each comparable has central air conditioning and one to three fireplaces. Four comparables each have a garage ranging in size from 396 to 515 square feet of building area. The comparables sold from April 2020 to January 2021 for prices ranging from \$495,000 to \$775,000 or from \$207.40 to \$244.91 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$216,645. The subject's assessment reflects a market value of \$651,564 or \$217.70 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .30 of a mile from the subject property. The comparables have sites that range in size from 9,930 to 15,320 square feet of land area. The comparables are improved with 1.75-story or 2-story dwellings of frame exterior construction ranging in size from 2,569 to 3,298 square feet of living area. The dwellings were built from 1929 to 1940 and have reported effective ages ranging from 1935 to 1969. The comparables each have a basement, three of which have finished area. Four comparables have central air conditioning, and each comparable has one or two fireplaces and a garage ranging in size from 220 to 528 square feet of building area. The comparables sold from April to December 2021 for prices ranging from \$723,000 to \$1,000,000 or from \$271.71 to \$303.21 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3 and #5 due to differences from the subject in site size and/or dwelling size. Furthermore, the appellant's comparable #3 has no basement or garage, unlike the subject. The Board has given reduced weight to board of review comparables #2 and #4 due to their lack of finished basement area and/or central air conditioning, both features of the subject. The Board has also given reduced weight to board of review comparable #1, which appears to be an outlier due to its significantly higher sale price of \$1,000,000 or \$303.21 per square foot of living area, including land, when compared to the other sales in the record.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age and some features. These four comparables sold from April 2020 to May 2021 for prices ranging from \$548,750 to \$754,000 or from \$207.40 to \$288.46 per square foot of living area, including land. The subject's assessment reflects a market value of \$651,564 or \$217.70 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
