

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Hellget
DOCKET NO.: 21-01048.001-R-1
PARCEL NO.: 13-14-210-007

The parties of record before the Property Tax Appeal Board are Thomas Hellget, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,426
IMPR.: \$98,814
TOTAL: \$120,240

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,990 square feet of living area. The dwelling was constructed in 1959. Features of the home include a basement, central air conditioning, a fireplace and a 796 square foot garage. The property has a 19,920 square foot site and is located in North Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .92 of mile from the subject property. The comparables have sites that range in size from 13,640 to 69,630 square feet of land area. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,461 to 2,254 square feet of living area. The dwellings were

built from 1945 to 1968. Two comparables have crawl space foundations and three comparables have basements, two of which have finished area. Four comparables have central air conditioning. Each comparable has one or two fireplaces and a garage ranging in size from 351 to 1,012 square feet of building area. Two comparables have unfinished attics. The comparables sold from June 2020 to April 2021 for prices ranging from \$254,900 to \$389,500 or from \$134.04 to \$212.27 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$120,240. The subject's assessment reflects a market value of \$361,624 or \$181.72 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .62 of a mile from the subject property. The board of review's comparables #3 and #4 are the same properties as the appellant's comparables #1 and #2, respectively. The comparables have sites that range in size from 18,080 to 45,260 square feet of land area. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,663 to 2,103 square feet of living area. The dwellings were built from 1940 to 1961 with comparable #2 having a reported effective age of 1963. Comparable #3 has a crawl space foundation and three comparables have basements, two of which have finished area. Three comparables have central air conditioning. Each comparable has a fireplace and a garage ranging in size from 420 to 1,012 square feet of building area. Comparable #4 has an unfinished attic. The comparables sold from June to October for prices ranging from \$353,000 to \$490,000 or from \$194.46 to \$233.00 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparable sales for the Board's consideration, as two sales were common to the parties. The Board has given less weight to the appellant's comparable #1/board of review comparable #3, as well as the appellant's comparables #3, #4 and #5 due to differences from the subject in dwelling size and/or they have crawl space foundations, in contrast to the subject's basement foundation. The Board has also given less weight to the appellant's comparable #3 and board of review comparable #1 due to their lack of central air conditioning, a feature of the subject.

The Board finds the best evidence of market value to be the appellant's comparable #2/board of review comparable #4 and board of review comparable #2, which are overall more similar to the subject in location, dwelling size, and some features. These two comparables sold in June and July 2020 for prices of \$389,500 and \$490,000 or for \$194.46 and \$233.00 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$361,624 or \$181.72 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
