

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joyce Goldman  
DOCKET NO.: 21-01051.001-R-1  
PARCEL NO.: 15-13-305-017

The parties of record before the Property Tax Appeal Board are Joyce Goldman, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$65,772  
**IMPR.:** \$106,800  
**TOTAL:** \$172,572

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,298 square feet of living area.<sup>1</sup> The dwelling was constructed in 1971 and has a reported effective age of 1972. Features of the home include a basement, central air conditioning, two fireplaces and a 506 square garage. The property has a 20,040 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .89 of a mile from the subject property. The comparables have sites that range in size from 19,600 to 23,960 square feet of land area.

---

<sup>1</sup> The Board finds the only description of the subject property was provided by the appellant. The board of review failed to provide a property record card for the subject as required. (86 Ill.Admin.Code §1910.40(a)).

The comparables are improved with 1.5-story or 2-story dwellings of brick, stucco or brick and wood siding exterior construction ranging in size from 2,789 to 3,717 square feet of living area. The dwellings were built from 1966 to 1974 with comparables #1 and #4 having a reported effective ages of 1970 and 1975, respectively. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 460 to 785 square feet of building area. The comparables sold from February 2020 to June 2021 for prices ranging from \$460,000 to \$530,000 or from \$134.15 to \$174.44 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$172,572, which would reflect a market value of \$517,768 or \$156.99 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,048. The subject's assessment reflects a market value of \$625,708 or \$189.72 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

The board of review did not rebut any data presented by the appellant nor did it provide any market value evidence in support of its assessed valuation of the subject property.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record to be the five comparable sales submitted by the appellant. The Board has given less weight to the appellant's comparables #2 and #5 due to their less similar dwelling sizes when compared to the subject. The Board finds the three remaining comparables are similar to the subject in location, dwelling size, age and some features. The comparables sold from June 2020 to June 2021 for prices ranging from \$460,000 to \$530,000 or from \$134.15 to \$172.81 per square foot of living area, including land. The subject's assessment reflects a market value of \$625,708 or \$189.72 per square foot of living area, land included, which is above the range established by the appellant's best comparable sales in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's total assessment commensurate with the appellant's total request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
