

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Novak  
DOCKET NO.: 21-01142.001-R-1  
PARCEL NO.: 16-28-213-011

The parties of record before the Property Tax Appeal Board are Jason Novak, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$54,360  
**IMPR.:** \$213,384  
**TOTAL:** \$267,744

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,140 square feet of living area. The dwelling was constructed in 2004. Features of the home include a basement with finished area,<sup>1</sup> central air conditioning, two fireplaces and a 616 square foot garage. The property has a 10,950 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

---

<sup>1</sup> The board of review provided a Multiple Listing Service (MLS) listing sheet associated with the 2019 sale of the subject property, which revealed the subject dwelling has finished basement area, which was not reported by the parties nor is it included in the description found in the subject's property record card presented by the board of review. Both parties reported the subject was purchased in June 2019 for a price of \$805,000 or \$256.37 per square foot of living area, including land.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .25 of a mile from the subject property. The comparables have sites that range in size from 7,300 to 11,380 square feet of land area. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,687 to 3,280 square feet of living area. The dwellings were built from 2001 to 2015. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 420 to 552 square feet of building area. The comparables sold from June 2020 to March 2021 for prices ranging from \$610,000 to \$772,500 or from \$205.03 to \$243.15 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$267,744. The subject's assessment reflects a market value of \$805,245 or \$256.45 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that are located within .32 of a mile from the subject property, three of which have the same assessment neighborhood code as the subject. The comparables have sites that range in size from 7,970 to 20,440 square feet of land area. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,890 to 3,758 square feet of living area. The dwellings were built from 1999 to 2015. The comparables each have a basement, four of which have finished area. Each comparable has central air conditioning, one or three fireplaces and a garage ranging in size from 460 to 677 square feet of building area. The comparables sold from August 2020 to July 2021 for prices ranging from \$864,500 to \$1,212,500 or from \$240.67 to \$322.65 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The board of review noted that the subject's June 2019 sale for a price of \$805,000 remains a strong indicator of its current market value as of January 1, 2021.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #4 and #5, as well as board of review

comparables #3 and #5 due to differences from the subject in dwelling size and/or age. Furthermore, board of review comparable #5 has a larger site size when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, site size, dwelling size, design, age and some features. The comparables sold from June 2020 to July 2021 for prices ranging from \$672,500 to \$899,000 or from \$205.03 to \$309.69 per square foot of living area, including land. The subject's assessment reflects a market value of \$805,245 or \$256.45 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
