

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vladimir Shifrin
DOCKET NO.: 21-01151.001-R-1
PARCEL NO.: 16-21-413-018

The parties of record before the Property Tax Appeal Board are Vladimir Shifrin, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,606
IMPR.: \$133,670
TOTAL: \$170,276

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,124 square feet of living area. The dwelling was constructed in 1968. Features of the home a basement, central air conditioning, a fireplace and a 441 square foot attached garage. The property has a 7,500 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .45 of a mile from the subject property. The comparables have sites that range in size from 7,500 to 18,430 square feet of land area. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,530 to 3,204 square feet of living area. The dwellings were

built from 1950 to 1978 with comparable #2 having a reported effective age of 1975. One comparable has a concrete slab foundation and four comparables each have a basement. Each comparable has central air conditioning and an attached garage ranging in size from 440 to 550 square feet of building area. Four comparables each have one fireplace. The comparables sold from January to October 2020 for prices ranging from \$384,000 to \$515,000 or from \$138.31 to \$160.74 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,276. The subject's assessment reflects a market value of \$512,108 or \$163.93 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that are located within .37 of a mile from the subject property, four of which have the same assessment neighborhood code as the subject. The board of review's comparable #1 is the same property as the appellant's comparable #2. The comparables have sites that range in size from 8,210 to 18,430 square feet of land area. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,504 to 3,204 square feet of living area. The dwellings were built from 1950 to 1969, with comparables #1 and #2 each having a reported effective age of 1975. One comparable has a concrete slab foundation and four comparables each have a basement or a lower level, three of which have finished area. Each comparable has central air conditioning and an attached garage ranging in size from 420 to 550 square feet of building area. Three comparables each have one fireplace. Comparable #2 has a 528 square foot detached garage. The comparables sold from August 2020 to April 2021 for prices ranging from \$485,000 to \$582,000 or from \$160.74 to \$218.80 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparables, as well as board of review comparables #1, #2 and #5, which includes the common comparable, due to differences from the subject in dwelling size and/or age. Furthermore, the parties' common comparable lacks a basement, a feature of the subject and it has a considerably larger site size when compared to the subject.

The Board finds the best evidence of market value to be board of review comparables #3 and #4, which are overall more similar to the subject in location, site size, dwelling size, design, age and some features. The comparables sold in November 2020 and April 2021 for prices of \$530,000 and \$485,000 or for \$178.99 and \$168.75 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$512,108 or \$163.93 per square foot of living area, including land, which is bracketed by the two best comparable sales in the record in terms of overall market value, but below the comparables on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
