

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan & Jill Spiegel  
DOCKET NO.: 21-01164.001-R-1  
PARCEL NO.: 16-29-411-007

The parties of record before the Property Tax Appeal Board are Alan & Jill Spiegel, the appellants, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$50,107  
**IMPR.:** \$249,234  
**TOTAL:** \$299,341

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,832 square feet of living area. The dwelling was constructed in 2003. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 665 garage. The property has a 10,000 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument, the appellants submitted information on five comparable sales that have the same assessment neighborhood code as the subject and located within .45 of a mile from the subject property. The comparables have sites that contain either 7,920 or 9,370 square feet of land area. The comparables are improved with two-story dwellings of wood siding or wood siding and brick exterior construction ranging in size from 3,186 to 3,953 square feet of living area. The

dwellings were built from 2001 to 2007. The comparables each have a basement, three of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 399 to 658 square feet of building area. The comparables sold from August 2020 to October 2021 for prices ranging from \$690,000 to \$770,000 or from \$190.99 to \$218.63 per square foot of living area, including land. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$299,341. The subject's assessment reflects a market value of \$900,274 or \$234.94 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that are located from .27 of a mile to 1.08 miles from the subject property, four of which have the same assessment neighborhood code as the subject. The comparables have sites ranging in size from 8,400 to 16,100 square feet of land area. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,250 to 4,074 square feet of living area. The dwellings were built from 2004 to 2019. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 506 to 807 square feet of building area. Comparable #2 has an inground swimming pool. The comparables sold from January 2020 to March 2021 for prices ranging from \$899,000 to \$1,040,000 or from \$237.58 to \$301.48 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellants' comparable #4 and board of review comparables #1, #2 and #5 due to their smaller dwelling sizes when compared to the subject. Furthermore, board of review comparable #1 is located more than one mile away from the subject and it has a newer dwelling age, and board of review comparable #2 has an inground swimming pool, not a feature of the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age and some features. However, the board finds two comparables lack finished basement area, a feature of the subject, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the comparables sold from August 2020 to April 2021 for prices

ranging from \$735,500 to \$1,040,000 or from \$190.99 to \$255.28 per square foot of living area, including land. The subject's assessment reflects a market value of \$900,274 or \$234.94 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
