

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Kamp
DOCKET NO.: 21-01179.001-R-1
PARCEL NO.: 16-28-315-016

The parties of record before the Property Tax Appeal Board are Susan Kamp, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,183
IMPR.: \$94,086
TOTAL: \$135,269

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,717 square feet of living area. The dwelling was constructed in 1958. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 308 square foot attached garage. The property has an 8,100 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .36 of a mile from the subject property. The comparables have sites that range in size from 8,100 to 15,400 square feet of land area. The comparables are improved with one-story dwellings of brick exterior construction ranging in size from 1,456 to 1,839 square feet of living area. The dwellings were built from 1947 to 1958.

One comparable has a concrete slab foundation and four comparables each have a basement, three of which have finished area. Each comparable has central air conditioning, one or two fireplaces and an attached garage ranging in size from 286 to 529 square feet of building area. Comparable #3 also has a 440 square foot detached garage. The comparables sold from August 2020 to November 2021 for prices ranging from \$320,000 to \$380,000 or from \$186.51 to \$222.56 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,269. The subject's assessment reflects a market value of \$406,824 or \$236.94 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .39 of a mile from the subject property. The comparables have sites that range in size from 7,340 to 19,630 square feet of land area. The comparables are improved with one-story dwellings of brick exterior construction ranging in size from 1,480 to 1,876 square feet of living area. The dwellings were built from 1949 to 1957. One comparable has a concrete slab foundation and four comparables each have a basement, two of which have finished area. Each comparable has central air conditioning and an attached garage ranging in size from 280 to 483 square feet of building area. Four comparables each have one fireplace. The comparables sold from April to December 2020 for prices ranging from \$435,000 to \$540,000 or from \$272.21 to \$364.86 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #3 as it has an additional detached garage, unlike the subject. The Board has also given less weight to the appellant's comparable #4 and board of review comparable #5 due to differences from the subject in site size, foundation type and age. The board has given reduced weight to board of review comparables #2 and #4 due to their lack of finished basement area, a feature of the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are relatively similar to the subject in location, site size, dwelling size, design, age and some features. The comparables sold from August 2020 to November 2021 for prices ranging from \$320,000 to \$475,000 or from \$186.51 to \$318.79 per square foot of living area, including

land. The subject's assessment reflects a market value of \$406,824 or \$236.94 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
