

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Murphy  
DOCKET NO.: 21-01301.001-R-1  
PARCEL NO.: 15-08-409-015

The parties of record before the Property Tax Appeal Board are William Murphy, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$32,415  
**IMPR.:** \$97,130  
**TOTAL:** \$129,545

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding and brick exterior construction with 2,166 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 420 square foot attached garage. The property has an approximately 12,160 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within 0.26 of a mile from the subject property. The comparables have sites with 9,100 or 10,605 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction with 1,940 or 2,442 square feet of living area. The dwellings were built from 1988 to 1992. Each comparable has a basement

with finished area, central air conditioning, and an attached garage with 440 or 441 square feet of building area. Four comparables each have one fireplace. The properties sold from September 2019 to September 2020 for prices ranging from \$325,000 to \$418,000 or from \$149.47 to \$171.17 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$123,321 which reflects a market value of \$370,000 or \$170.82 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,545. The subject's assessment reflects a market value of \$389,609 or \$179.87 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within 0.37 of a mile from the subject property. Board of review comparables #4 and #5 are the same properties as the appellant's comparables #2 and #5, respectively. The comparables have sites that range in size from 9,100 to 13,070 square feet of land area. The comparables are improved with 2-story dwellings of wood siding or wood siding and brick exterior construction with 2,442 square feet of living area. The homes were built from 1988 to 1991. Each comparable has a basement with four having finished area, central air conditioning, and an attached garage with 440 square feet of building area. Three comparables each have one fireplace. The properties sold from July 2020 to November 2021 for prices ranging from \$400,000 to \$545,000 or from \$163.80 to \$223.18 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration, including the parties' two common comparables. The Board gives less weight to the appellant's comparables # 3 and #4 which have 2019 sale dates that are less proximate in time to the subject's January 1, 2021 assessment date at issue than the other comparable sales in this record.

The Board finds the best evidence of market value to be the parties' six remaining comparables, including the parties' two common comparables, which sold proximate in time to the subject's assessment date and are similar to the subject in location, design, age, dwelling size, and other features. The properties sold from June 2020 to November 2021 for prices ranging from \$325,000 to \$545,000 or from \$163.80 to \$223.18 per square foot of living area, land included. The subject's assessment reflects a market value of \$389,609 or \$179.87 per square foot of living

area, land included, which falls within the range established by the best comparable sales in this record. Based on the record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
