

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alexander Trogub
DOCKET NO.: 21-01308.001-R-1
PARCEL NO.: 15-33-304-135

The parties of record before the Property Tax Appeal Board are Alexander Trogub, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,073
IMPR.: \$82,315
TOTAL: \$111,388

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of brick exterior construction with 1,829 square feet of living area. The dwelling was built in 1995. Features of the home include an unfinished basement, central air conditioning, and a garage with 357 square feet of building area. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject property and located within 0.07 of a mile from the subject. The comparables are improved with 2-story dwellings of brick exterior construction with 1,765 or 1,829 square feet of living area. The homes were built in 1990 or 1995. Each comparable has a basement with one having finished area, central air conditioning, and a garage with 357 or 361 square feet of building area. Two comparables each have one fireplace. The properties sold

from April to September 2020 for prices ranging from \$276,000 to \$320,000 or from \$156.37 to \$174.96 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$104,990 which reflects a market value of \$315,002 or \$172.23 per square foot of living area, land included.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$111,388. The subject's assessment reflects a market value of \$335,002 or \$183.16 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject property and located within 0.05 of a mile from the subject. The comparables are improved with 2-story dwellings of brick exterior construction with 1,802 or 1,829 square feet of living area. The dwellings were built in 1995. Each comparable has a basement with three having finished area, central air conditioning, and a garage with 357 or 400 square feet of building area. Two comparables each have one fireplace. The properties sold from July 2020 to May 2021 for prices ranging from \$335,500 to \$364,000 or from \$183.43 to \$202.00 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #2 as well as board of review comparables #1, #3, and #4 which have basement finish, unlike the subject.

The Board finds the best evidence of market value to be the parties' three remaining comparables. These comparables are similar to the subject in location, design, age, dwelling size, and most features. The three properties sold from April to November 2020 for prices ranging from \$295,000 to \$335,500 or from \$167.14 to \$183.43 per square foot of living area, land included. The subject's assessment reflects a market value of \$335,002 or \$183.16 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. Based on the record, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
