

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Weintraub  
DOCKET NO.: 21-01314.001-R-1  
PARCEL NO.: 15-09-106-022

The parties of record before the Property Tax Appeal Board are Brian Weintraub, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$37,503  
**IMPR.:** \$127,862  
**TOTAL:** \$165,365

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,362 square feet of living area. The dwelling was built in 1989. Features of the home include a basement with finished area, central air conditioning, and a 441 square foot garage. The property has an approximately 14,259 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject property and located within 0.26 of a mile from the subject. The comparables have sites that range in size from 11,900 to 14,915 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,481 to 3,044 square feet of living area. The homes were built from 1989 to 1991.

Each comparable has a basement with four having finished area<sup>1</sup>, central air conditioning, one fireplace, and a garage with 441 or 462 square feet of building area. The properties sold from February 2019 to September 2020 for prices ranging from \$455,000 to \$505,000 or from \$149.47 to \$203.55 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$156,318 which reflects a market value of \$469,001 or \$198.56 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$165,365. The subject's assessment reflects a market value of \$497,338 or \$210.56 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales<sup>2</sup> with the same assessment neighborhood code as the subject property and located within 0.51 of a mile from the subject. The comparables have sites that range in size from 11,450 to 14,420 square feet of land area. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,362 to 2,679 square feet of living area. The homes were built in 1989 or 1991. Each comparable has a basement with two having finished area, central air conditioning, one fireplace, and a garage with 441 square feet of building area. The properties sold from June 2019 to December 2021 for prices ranging from \$510,000 to \$585,000 or from \$210.37 to \$218.37 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #5 as well as board of review comparable #3 which differ in dwelling size and/or have 2019 sale dates occurring less proximate in time to the subject's January 1, 2021 assessment date than the other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparables #3 and #4 as well as board of review comparables #1 and #2 which sold proximate in time to the subject's assessment date at issue and are similar to the subject in location, design, age, dwelling size, and

<sup>1</sup> The appellant provided Multiple Listing Service sheets for appellant comparables #2, #3, and #4 which disclosed these comparables have finished basements and that appellant comparables #2 and #4 were remodeled and updated, respectively.

<sup>2</sup> The Board finds that board of review #4 is the same property as board of review comparable #2.

some features. These properties sold from June 2020 to December 2021 for prices ranging from \$495,000 to \$585,000 or from \$199.52 to \$218.37 per square foot of living area, land included. The subject's assessment reflects a market value of \$497,338 or \$210.56 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. Based on the record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
