

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jiamnin Sheng
DOCKET NO.: 21-01317.001-R-1
PARCEL NO.: 15-16-207-020

The parties of record before the Property Tax Appeal Board are Jiamnin Sheng, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,453
IMPR.: \$186,707
TOTAL: \$239,160

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,885 square feet of living area. The dwelling was built in 2001. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a garage with 651 square feet of building area. The property has an approximately 12,632 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject property and located within 0.13 of a mile from the subject. The comparables have sites that range in size from 10,454 to 13,504 square feet of land area. These comparables are improved with 2-story dwellings of frame or brick and frame exterior construction with 3,567 or 3,848 square feet of living area. The dwellings were built in 2001.

Each comparable has a basement with two having finished area, central air conditioning, and a garage with 651 or 672 square feet of building area. Two comparables each have one fireplace. The properties sold from May 2019 to November 2020 for prices ranging from \$575,000 to \$667,000 or from \$149.43 to \$181.38 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$225,777 which reflects a market value of \$677,399 or \$174.36 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$239,160. The subject's assessment reflects a market value of \$719,278 or \$185.14 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within 0.76 of a mile from the subject and with two of these comparables reported to have the same assessment neighborhood code as the subject property. These comparables have sites that range in size from 9,820 to 16,990 square feet of land area. The comparables are improved with 2-story dwellings of brick, wood siding, or wood siding and brick exterior construction that range in size from 3,281 to 3,898 square feet of living area. The homes were built from 1993 to 2000. Each comparable has a basement with two having finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 484 to 800 square feet of building area. Comparable #3 has an inground swimming pool and a hot tub. The properties sold from June 2020 to September 2021 for prices ranging from \$626,000 to \$756,000 or from \$190.80 to \$195.84 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 which lack basement finish, a feature of the subject, and/or has a 2019 sale date that occurred less proximate in time to the subject's January 1, 2021 assessment date at issue than the other comparables in this record. The Board also gives less weight to board of review comparables #2 and #3 which differs from the subject in dwelling size or have features, including an inground swimming pool and a hot tub, which the subject lacks.

The Board finds the best evidence of market value to be the parties' remaining comparables which are similar to the subject in location, age, design, dwelling size and most features. These three properties sold from October 2020 to September 2021 for prices ranging from \$590,000 to

\$735,000 or from \$165.41 to \$195.84 per square foot of living area, land included. The subject's assessment reflects a market value of \$719,278 or \$185.14 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
