

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matt Rooney
DOCKET NO.: 21-01362.001-R-1
PARCEL NO.: 15-23-211-015

The parties of record before the Property Tax Appeal Board are Matt Rooney, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,772
IMPR.: \$267,848
TOTAL: \$333,620

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,920 square feet of living area. The dwelling was constructed in 2007. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a garage containing 748 square feet of building area. The property has an approximately 20,040 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .5 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 4,620 to 5,480 square feet of living area. The homes were built from 2004 to 2008. Each dwelling has

central air conditioning, one or two fireplaces, a basement with finished area,¹ and a garage ranging in size from 740 to 1,058 square feet of building area. The parcels contain either 20,473 or 21,344 square feet of land area. The comparables sold from November 2019 to July 2020 for prices ranging from \$570,000 to \$820,000 or from \$119.07 to \$177.49 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$281,972, for an estimated market value of \$846,001 or \$171.95 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$333,620. The subject's assessment reflects a market value of \$1,003,368 or \$203.94 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .33 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 4,565 to 5,169 square feet of living area. The dwellings were built from 2005 to 2008. Each dwelling has central air conditioning, one to five fireplaces, a basement with four having finished area, and a garage ranging in size from 651 to 1,036 square feet of building area. The parcels range in size from 19,170 to 23,960 square feet of land area. The comparables sold from September 2020 to November 2021 for prices ranging from \$1,075,000 to \$1,275,000 or from \$222.98 to \$279.30 per square foot of living area, including land. The board of review also submitted Multiple Listing Service sheets for appellant comparables #2 and #3, a Listing and Property History Report, and a memorandum noting that appellant comparable #1 sold in 2019, appellant comparable #2 had a lengthy listing history, and that appellant comparable #3 was a foreclosure sold in "as-is" condition. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #1, which sold less proximate to the January 1, 2021 valuation date at issue in this appeal. The Board also gives reduced weight to appellant comparable #3, which appears to be an outlier due to its much lower sale price than the other comparables in the record.

¹ The board of review submitted a Multiple Listing Service sheet for appellant comparable #3, which indicates the property has a partially finished basement.

The Board finds the best evidence of market value to be appellant's comparable sale #1 and the board of review comparable sale, which sold proximate to the valuation date at issue and are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices ranging from \$820,000 to \$1,275,000 or from \$177.49 to \$279.30 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,003,368 or \$203.94 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
