

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Tofts
DOCKET NO.: 21-01369.001-R-1
PARCEL NO.: 09-01-102-005

The parties of record before the Property Tax Appeal Board are Matthew Tofts, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,830
IMPR.: \$60,495
TOTAL: \$79,325

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding and brick exterior construction with 2,018 square feet of living area. The dwelling was built in 2008. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 618 square foot garage. The property has an approximately 8,590 square foot site and is located in Volo, Wauconda Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same assessment neighborhood code as the subject property and within 0.24 of a mile from the subject. The comparables have sites that range in size from 8,120 to 14,630 square feet of land area. The comparables are improved with 2-story dwellings of vinyl siding exterior construction ranging in size from 2,074 to 2,488 square feet of living area. The dwellings were built from 2008 to 2012.

The comparables each have a basement with three having finished area. Each comparable has central air conditioning and a garage that ranges in size from 400 to 618 square feet of building area. Two comparables each have one fireplace. The properties sold from September 2019 to July 2020 for prices ranging from \$229,500 to \$268,000 or from \$100.43 to \$117.16 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$76,659 which reflects a market value of \$230,000 or \$113.97 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,325. The subject's assessment reflects a market value of \$238,571 or \$118.22 per square foot of living area, including land, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on five comparable sales located in the same assessment neighborhood code as the subject property and within 0.31 of a mile from the subject. The comparables have sites that range in size from 8,310 to 11,520 square feet of land area. The comparables are improved with 2-story dwellings of wood siding or vinyl siding exterior construction ranging in size from 1,992 to 2,116 square feet of living area. The comparables each have a basement with one having finished area. Each comparable has central air conditioning and a garage that ranges in size from 400 to 528 square feet of building area. The properties sold from July 2020 to July 2021 for prices ranging from \$249,900 to \$330,000 or from \$118.10 to \$156.25 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparable #2 which are less similar to the subject in dwelling size than other comparables in this record or have basement finish, which the subject lacks. Further, the appellant's comparable #3 has a 2019 sale date occurring less proximate in time to the subject's January 1, 2021 assessment date at issue than other comparables in this record.

The Board finds the evidence of market value to be the board of review's four remaining comparables which sold proximate in time to the subject's assessment date at issue and are similar to the subject in location, design, age, dwelling size, and most features. These properties sold in either July 2020 or June 2021 for prices ranging from \$249,900 to \$330,000 or from \$118.10 to \$155.95 per square foot of living area, land included. The subject's assessment

reflects an estimated market value of \$238,571 or \$118.22 per square foot of living area, land included, which falls below the range established by the best comparable sales in this record on an overall market value basis but slightly within the range on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
