

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cori Staley  
DOCKET NO.: 21-01374.001-R-1  
PARCEL NO.: 16-08-404-005

The parties of record before the Property Tax Appeal Board are Cori Staley, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$136,802  
**IMPR.:** \$236,343  
**TOTAL:** \$373,145

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 5,098 square feet of living area. The dwelling was built in 1984 and has an effective year built of 1993. Features of the home include a concrete slab foundation, an unfinished partial basement, central air conditioning, two fireplaces, and an 888 square foot garage. The property has an approximately 47,040 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant disclosed in the appeal petition that the subject was an owner-occupied dwelling.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales with varying degrees of similarity to the subject in location, design, age, dwelling size and features. The appellant provided Multiple

Listing Service datasheets to support these sales. The properties sold in April and May 2021 for prices ranging from \$806,400 to \$1,050,000 or from \$141.97 to \$176.35 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$346,632 which reflects a market value of \$1,040,000 or \$204.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$373,145. The subject's assessment reflects an estimated market value of \$1,122,241 or \$220.13 per square foot of living area, land included.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with varying degrees of similarity to the subject in location, design, age, dwelling size and features. The properties sold from June to December 2020 for prices ranging from \$853,500 to \$1,875,000 or from \$197.98 to \$332.74 per square foot of living area, land included. The board of review also reported that 2019 was the first year of the general assessment cycle for the subject property and that for tax year 2021 an equalization factor of 0.9979 was applied by county assessment officials. The board of review also enclosed a copy of PTAB's final administrative decision for Docket Number 19-02841 which reduced the subject's total assessment for tax year 2019 to \$373,296 and noted that the 2021 total assessment after applying the 2020 and 2021 equalization factors of 1.0017 and 0.9979, respectively, equaled \$373,145. Based on this evidence, the board of review requested the subject's assessment be sustained.

### Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

As an initial matter, the Board finds that the subject property is an owner-occupied residence that was the subject matter of an appeal before the Property Tax Appeal Board for the 2019 tax year under Docket Number 19-02841. In that appeal, the Property Tax Appeal Board issued a decision lowering the total assessment of the subject property to \$373,296 based on an agreement between the parties. The Board further finds Section 16-185 of the Property Tax Code is controlling in this appeal. (35 ILCS 200/16-185).

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) provides in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, **such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period** as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is

based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review. (Emphasis added).

The Board finds that the subject property was the subject matter of an appeal before the Property Tax Appeal Board for the 2019 tax year under Docket No. 19-02841 in which a decision was issued based upon an agreement between the parties reducing the subject's assessment to \$373,296. The Board finds that the record shows the subject property is an owner-occupied residence and that the 2019, 2020, and 2021 tax years are within the same quadrennial general assessment period. There was no evidence showing that the subject property sold establishing a different fair cash value on which the Board's assessment is based; and the decision of the Board was not reversed or modified upon review, which satisfies the statutory provisions of section 16-185 of the Property Tax Code. (35 ILCS 200/16-185). The Board takes judicial notice that for West Deerfield Township an equalization factor of 1.0017 was issued in 2020 and 0.9979 for the 2021 tax year. Applying section 16-185 of the Property Tax Code (35 ILCS 200/16-185) to the Board's prior 2019 decision, results in an assessment for 2020 of \$373,931 ( $\$373,296 \times 1.0017 = \$373,296$ ) and an assessment for 2021 of \$373,145 ( $\$373,931 \times 0.9979 = \$373,145$ ). The subject's final 2021 assessment as established by the board of review was \$373,145. Therefore, based on this record and analysis, the Property Tax Appeal Board finds that no reduction in the subject's assessment is warranted.

Alternatively, the appellant contends overvaluation as a basis for the appeal. However, since section 16-185 is controlling in this appeal, the appellant's overvaluation argument will not be considered, and no further reduction based on overassessment will be considered.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
