

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Heiderman
DOCKET NO.: 21-01380.001-R-1
PARCEL NO.: 09-02-204-001

The parties of record before the Property Tax Appeal Board are Matthew Heiderman, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,583
IMPR.: \$59,076
TOTAL: \$81,659

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,074 square feet of living area. The dwelling was constructed in 2010. Features of the home include an unfinished basement, central air conditioning, and a 418 square foot garage. The property has an approximately 11,780 square foot site and is located in Volo, Wauconda Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located in the same assessment neighborhood code as the subject property and within 0.39 of a mile from the subject. The comparables have sites that range in size from 8,120 to 14,630 square feet of land area. The properties are improved with 2-story dwellings of vinyl siding exterior construction ranging in size from 2,074 to 2,346 square feet of living area. The dwellings were built from 2009 to 2013.

The comparables each have a basement with one having finished area. Each comparable has central air conditioning and a garage that ranges in size from 418 to 590 square feet of building area. Two comparables each have one fireplace. The properties sold from February to May 2020 for prices ranging from \$232,000 to \$243,000 or from \$98.89 to \$117.16 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$71,660 which reflects a market value of \$215,002 or \$103.67 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,659. The subject's assessment reflects a market value of \$245,591 or \$118.41 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

The board of review critiqued the appellant's comparables for sale date and dwelling size as well as noting the impact of the Covid-19 pandemic on the sales market. The board of review further asserted its comparable sales were "within 5% of the AGLA", similar model homes, and closed from December 2020 to July 2021.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located in the same assessment neighborhood code as the subject property and within 0.35 of a mile from the subject. The comparables have sites that range in size from 8,260 to 11,520 square feet of land area. The properties are improved with 2-story dwellings of vinyl siding or wood siding exterior construction ranging in size from 1,992 to 2,134 square feet of living area. The homes were built from 2007 to 2011. The comparables each have a basement with two having finished area. Each comparable has central air conditioning and a garage that ranges in size from 400 to 618 square feet of building area. The properties sold from December 2020 to July 2021 for prices ranging from \$273,000 to \$330,000 or from \$127.93 to \$156.25 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #3 and #5 which are less similar to the subject in dwelling size than other comparables in this record or have finished basement area in contrast to the subject's unfinished basement.

The Board finds the best evidence of market value to be the three remaining board of review comparable sales. These comparables are more similar to the subject in location, design, age, dwelling size, and other features. These three properties sold in either December 2020 or June 2021 for prices ranging from \$273,000 to \$300,000 or from \$127.93 to \$150.60 per square foot of living area, including land. The subject's assessment reflects a market value of \$245,591 or \$118.41 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
