

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sharon Vandervere
DOCKET NO.: 21-01412.001-R-1
PARCEL NO.: 04-33-307-041

The parties of record before the Property Tax Appeal Board are Sharon Vandervere, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,863
IMPR.: \$57,365
TOTAL: \$67,228

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of vinyl siding exterior construction with 1,624 square feet of living area. The dwelling was constructed in 1977. Features of the home include a basement, central air conditioning, a fireplace, a 440 square foot attached garage and a 624 square foot detached garage. The property has a 19,010 square foot site and is located in Beach Park, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that are located from .40 of mile to 2.24 miles from the subject property. Comparable #1 has the same assessment neighborhood code as the subject. The comparables have sites that range in size from 15,250 to 47,190 square feet of land area. The comparables are improved with one-story dwellings of wood siding or vinyl siding exterior construction ranging in size from 1,672 to 2,303 square feet of living area.

The dwellings were built from 1972 to 2003. Each comparable has a basement. The appellant reported that four comparables have central air conditioning and an attached garage ranging in size from 484 to 877 square feet of building area. Two comparables each have a fireplace. The comparables sold from June 2019 to December 2020 for prices ranging from \$191,000 to \$248,000 or from \$106.30 to \$115.32 per square foot of living area, including land. The appellant provided a copy of the listing sheet associated with the sale of comparable #1, which revealed the property has a central air conditioning and a detached garage that has the added benefit of a room, but also noted that “per village small coach house in back cannot be use (sic) for in-laws only as a hobby shop, office/workplace.” Based on this evidence, the appellant requested a reduction in the subject’s assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,228. The subject's assessment reflects a market value of \$202,189 or \$124.50 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located from .11 of a mile to one mile from the subject property. The comparables have sites that range in size from 16,130 to 42,250 square feet of land area. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,380 to 1,550 square feet of living area. The dwellings were built from 1968 to 1985. Each comparable has a basement, central air conditioning and one or two fireplaces. Four comparables each have an attached garage ranging in size from 528 to 960 square feet of building area. Two comparables have either a 1,080 or a 1,375 square foot detached garage. The comparables sold from May 2020 to October 2021 for prices ranging from \$234,000 to \$300,500 or from \$155.76 to \$193.87 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject’s assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board’s consideration. The Board has given less weight to the appellant’s comparables #2 through #5, as well as board of review comparables #3 and #4 due to differences from the subject in dwelling size, site size and/or age. Furthermore, the appellant’s comparable #3 sold less proximate in time to the lien date at issue than the other comparable sales in the record and the appellant’s comparable #5 is located more than two miles away from the subject. The Board has also given less weight to board of review comparable #1, which appears to be an outlier due to its considerably higher sale price of

\$300,500 or \$193.87 per square foot of living area, including land when compared to the other sales in the record.

The Board finds the best evidence of market value to be the appellant's comparable #1, along with board of review comparables #2 and #3, which sold more proximate in time to the assessment date at issue and are overall more similar to the subject in location, site size, dwelling size, design, age and some features. These three comparables sold in April 2020 or July 2021 for prices ranging from \$191,000 to \$238,000 or from \$114.23 to \$159.32 per square foot of living area, including land. The subject's assessment reflects a market value of \$202,189 or \$124.50 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
