

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Traynoff
DOCKET NO.: 21-01421.001-R-1
PARCEL NO.: 03-35-203-017

The parties of record before the Property Tax Appeal Board are Robert Traynoff, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,187
IMPR.: \$70,803
TOTAL: \$96,990

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,889 square feet of living area. The dwelling was constructed in 1985. Features of the home include a basement, central air conditioning, a fireplace and an 806 square foot garage. The property has a 40,940 square foot site and is located in Wadsworth, Newport Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that are located in Wadsworth and from .22 of mile to 2.35 miles from the subject property. Two comparables have the same assessment neighborhood code as the subject. The comparables have sites that range in size from 34,410 to 135,200 square feet of land area. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,830 to 2,270

square feet of living area. The dwellings were built from 1973 to 1989. The comparables each have a basement, one of which is a walk-out. Each comparable has central air conditioning and a garage ranging in size from 517 to 1,056 square feet of building area. Three comparables each have a fireplace. The comparables sold from June 2018 to March 2020 for prices ranging from \$245,000 to \$290,000 or from \$118.47 to \$147.54 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,990. The subject's assessment reflects a market value of \$291,699 or \$154.42 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that are located in either Waukegan or Wadsworth and from .13 of a mile to 1.28 miles from the subject property. Comparable #5 has the same assessment neighborhood code as the subject. The comparables have sites that range in size from 14,800 to 40,750 square feet of land area. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,519 to 2,166 square feet of living area. The dwellings were built from 1973 to 1988 with comparable #1 having a reported effective age of 1988. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 1,190 square feet of building area. The comparables sold from March to October 2021 for prices ranging from \$279,999 to \$407,000 or from \$154.66 to \$215.22 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #2 due to their sale dates occurring in 2018, less proximate in time to the assessment date at issue than the other sales in the record. The Board has also given less weight to the appellant's comparable #3, as well as board of review comparables #2, #3 and #4 due to differences from the subject in location and/or dwelling size. Furthermore, the appellant's comparable #3 has a significantly larger site size when compared to the subject and board of review comparable #2 has a considerably smaller site size when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparable #4, along with board of review comparables #1 and #5, which sold more proximate in time to the assessment date at issue and are relatively similar to the subject in location, dwelling size,

design, age and some features. These three comparables sold from March 2020 to October 2021 for prices ranging from \$245,000 to \$407,000 or from \$118.47 to \$214.78 per square foot of living area, including land. The subject's assessment reflects a market value of \$291,699 or \$154.42 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
