

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Henderson
DOCKET NO.: 21-01539.001-R-1
PARCEL NO.: 13-01-204-004

The parties of record before the Property Tax Appeal Board are Charles Henderson, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,286
IMPR.: \$154,316
TOTAL: \$186,602

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding and brick exterior construction with 3,463 square feet of living area.¹ The dwelling was constructed in 1998. Features of the home include a walkout basement with finished area, central air conditioning, two fireplaces, and a 641 square foot garage. The property has a 43,380 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.97 of a mile from the subject. The parcels range in size from 47,916 to 94,077 square feet of land area and are

¹ The parties differ regarding the subject's dwelling size. The Board finds the best evidence of dwelling size is found in the subject's property record card presented by the board of review, which contains a sketch with measurements of the subject home and was not refuted by the appellant in written rebuttal.

improved with 2-story homes of brick and frame exterior construction ranging in size from 3,960 to 4,296 square feet of living area. The dwellings were built from 1988 to 1997. Each home has a walkout or a lookout basement with finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 767 to 1,267 square feet of building area. The comparables sold from April to December 2020 for prices ranging from \$550,000 to \$605,000 or from \$133.50 to \$152.78 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,602. The subject's assessment reflects a market value of \$561,209 or \$162.06 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on ten comparable sales presented in two grid analyses.² Comparable #8 is the same property as the appellant's comparable #3. The comparables are located within 0.90 of a mile from the subject. The parcels range in size from 40,240 to 108,900 square feet of land area and are improved with 2-story homes of wood siding, brick, brick and wood siding, frame, or frame and brick exterior construction. The homes range in size from 2,999 to 4,241 square feet of living area and were built from 1979 to 2016. Each home has a basement, seven of which have finished area and five of which are walkout basements. Each home also features central air conditioning, one or two fireplaces, and one or two garages ranging in size from 600 to 957 square feet of building area. Comparable #4 has an inground swimming pool. The comparables sold from August 2020 to November 2021 for prices ranging from \$445,000 to \$875,000 or from \$144.99 to \$248.37 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of thirteen comparable sales, with one common sale, for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 and the board of review's comparables #2, #3, #4, #6, and #9, due to substantial differences from the subject in dwelling size, basement finish, garage count, and/or inground swimming pool amenity. The Board gives less weight to the board of review's comparable #1, which sold for considerably less than the other comparables in this record, indicating this sale is an outlier.

² The five comparables presented in the second grid analysis are renumbered for ease of reference as comparables #6 through #10.

The Board finds the best evidence of market value to be the appellant's comparable #3 and the board of review's comparables #5, #7, #8, and #10, which are more similar to the subject in dwelling size, location, and features, although these comparables are older homes on larger lots than the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold for prices ranging from \$560,000 to \$689,900 or from \$152.78 to \$183.00 per square foot of living area, including land. The subject's assessment reflects a market value of \$561,209 or \$162.06 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
