

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Natalia Thornton  
DOCKET NO.: 21-01544.001-R-1  
PARCEL NO.: 13-26-403-002

The parties of record before the Property Tax Appeal Board are Natalia Thornton, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$62,450  
**IMPR.:** \$207,115  
**TOTAL:** \$269,565

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding and brick exterior construction with 4,339 square feet of living area.<sup>1</sup> The dwelling was constructed in 1999. Features of the home include a basement with finished area, central air conditioning, two fireplaces, an attic with finished area, and a 759 square foot garage. The property has a 107,593 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located from 0.15 of a mile to 1.43 miles from the subject. The parcels range in size from 81,457 to 215,622 square feet of land area

---

<sup>1</sup> The parties differ regarding the subject's dwelling size. The Board finds the best evidence of dwelling size to be the subject's property record card presented by the board of review, which contains a sketch with measurements of the subject home and was not refuted by the appellant in written rebuttal.

and are improved with 2-story homes of frame or brick and frame exterior construction ranging in size from 3,698 to 4,465 square feet of living area. The dwellings were built from 1985 to 1996. Each home has a basement, four of which are lookout or walkout basements with finished area. Each home also features central air conditioning, one to four fireplaces, and one or two garages ranging in size from 720 to 840 square feet of building area. Comparable #5 has an attic with finished area and a barn. The comparables sold from April 2018 to September 2020 for prices ranging from \$620,000 to \$820,000 or from \$146.51 to \$183.65 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$269,565. The subject's assessment reflects a market value of \$810,722 or \$186.85 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located from 0.22 to 0.42 of a mile from the subject. The parcels range in size from 40,820 to 272,470 square feet of land area and are improved with 1.75-story or 2-story homes of brick, wood siding, stone and wood siding, or brick and stucco exterior construction ranging in size from 4,105 to 4,762 square feet of living area. The dwellings were built from 1988 to 2015. Each home has a basement, four of which have finished area, central air conditioning, one to four fireplaces, and a garage ranging in size from 686 to 964 square feet of building area. Comparable #3 has an inground swimming pool. The comparables sold from February to July 2021 for prices ranging from \$965,000 to \$1,300,000 or from \$230.26 to \$283.80 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3, which sold less proximate in time to the assessment date than the other comparables in this record. The Board gives less weight to the appellant's comparables #1, #4 and #5, due to substantial differences from the subject in dwelling size, garage count, and/or barn amenity. The Board also gives less weight to the board of review's comparables #1, #3, and #4, due to substantial differences from the subject in age, basement finish, and/or inground swimming pool amenity.

The Board finds the best evidence of market value to be the board of review's comparables #2 and #5, which are more similar to the subject in dwelling size, age, location, and features. These

most similar comparables sold for prices of \$965,000 and \$1,300,000 or for \$230.26 and \$272.99 per square foot of living area, including land. The subject's assessment reflects a market value of \$810,722 or \$186.85 per square foot of living area, including land, which is below the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
