

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Shepherd  
DOCKET NO.: 21-01552.001-R-1  
PARCEL NO.: 13-01-306-012

The parties of record before the Property Tax Appeal Board are David Shepherd, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,060  
**IMPR.:** \$117,280  
**TOTAL:** \$157,340

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of stone and wood siding exterior construction<sup>1</sup> with 2,241 square feet of living area. The dwelling was constructed in 1978. Features of the home include a walkout basement with finished area, central air conditioning, two fireplaces, and a 702 square foot garage. The property has an 88,246 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.81 of a mile from the subject. The parcels range in size from 47,707 to 73,407 square feet of land area and are improved with 1-story homes of frame or brick exterior construction ranging in size from 2,077

<sup>1</sup> The parties differ regarding the subject's exterior construction. The Board finds the best evidence of exterior construction is found in the subject's property record card presented by the board of review.

to 3,265 square feet of living area. The dwellings were built in 1956 or 1958 with comparables #2 and #4 having reported effective ages of 1961 and 1965, respectively. The appellant also presented listing sheets for comparables #1 and #3, which describe recent renovations to these homes. Each home has a basement, with finished area, one of which is a walkout basement and one of which is an English basement, central air conditioning, and one to three fireplaces.<sup>2</sup> Three comparables have a garage ranging in size from 517 to 636 square feet of building area and one comparable has a 2-car garage. The comparables sold from November 2019 to April 2021 for prices ranging from \$353,000 to \$480,000 or from \$147.01 to \$208.43 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$157,340. The subject's assessment reflects a market value of \$473,203 or \$211.16 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.94 of a mile from the subject. The parcels range in size from 49,210 to 67,030 square feet of land area and are improved with 1-story homes of wood siding exterior construction ranging in size from 2,098 to 2,755 square feet of living area. The dwellings were built from 1960 to 1973. Each home has a basement, three of which have finished area and two of which are walkout basements. Each home also features one to three fireplaces and a garage ranging in size from 484 to 1,235 square feet of building area. Three homes have central air conditioning. Comparable #1 has an inground swimming pool. The comparables sold from July 2019 to February 2021 for prices ranging from \$470,000 to \$580,000 or from \$210.53 to \$264.57 per square foot of living area, including land. Based on this evidence the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 and the board of review's comparables #1 and #4, due to substantial differences from the subject in dwelling size, basement finish, and/or inground swimming pool amenity, and/or which sold less proximate in time to the assessment date than the other comparables in this record.

---

<sup>2</sup> Additional details regarding comparables #1 and #3 are found in the listing sheets presented by the appellant.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3 and the board of review's comparables #1 and #3, which are similar to the subject in dwelling size, location, and features, although these comparables are older homes than the subject on smaller lots than the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold for prices ranging from \$443,000 to \$563,000 or from \$198.83 to \$264.57 per square foot of living area, including land. The subject's assessment reflects a market value of \$473,203 or \$211.16 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
