

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vishal Gupta
DOCKET NO.: 21-01587.001-R-1
PARCEL NO.: 15-28-313-006

The parties of record before the Property Tax Appeal Board are Vishal Gupta, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,252
IMPR.: \$125,473
TOTAL: \$169,725

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,279 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 440 square foot garage. The property has a 10,890 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same neighborhood code as the subject and within 0.69 of a mile from the subject property. The comparables have sites that range in size from 8,799 to 15,611 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,180 to 2,279 square feet of living area that were built from 1985 to 1988. The appellant reported that each comparable has a basement with finished area, central air conditioning and a garage with 440 or 483 square feet of building area. Three comparables each have a fireplace. The comparables sold

from May to October 2020 for prices ranging from \$440,000 to \$505,000 or from \$201.83 to \$221.59 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,725. The subject's assessment reflects a market value of \$510,451 or \$223.98 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with two comparables being located in the same neighborhood code as the subject and all the comparables are within 0.69 of a mile from the subject property. Board of review comparable #2 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 7,113 to 10,498 square feet of land area. The comparables are improved with 2-story dwellings of frame exterior construction that range in size from 2,155 to 2,406 square feet of living area that were built from 1986 to 1990. Each comparable has a basement with finished area, central air conditioning and a garage ranging in size from 420 to 441 square feet of building area. Four comparables each have a fireplace. The comparables sold from June 2020 to December 2021 for prices ranging from \$480,000 to \$551,000 or from \$211.83 to \$235.27 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration, with one comparable being common to both parties. The Board finds that all the comparables are relatively similar to the subject in location, design, dwelling size, age and features. The comparables sold from March to December 2021 for prices ranging from \$440,000 to \$551,000 or from \$201.83 to \$235.27 per square foot of living area, including land. The subject's assessment reflects a market value of \$510,451 or \$223.98 per square foot of living area, including land, which falls within the range established by the best comparable sales contained in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
