

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Deborah Korompilas
DOCKET NO.: 21-01607.001-R-1
PARCEL NO.: 15-36-209-005

The parties of record before the Property Tax Appeal Board are Deborah Korompilas, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,089
IMPR.: \$131,889
TOTAL: \$210,978

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,922 square feet of living area. The dwelling was constructed in 1996 and is approximately 25 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 642 square foot garage. The property has an approximately 13,315 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that

range in size from 3,046 to 3,411 square feet of living area. The homes range in age from 24 to 26 years old. Each comparable has a basement, three with finished area, central air conditioning, one fireplace and a garage with 464 or 630 square feet of building area. The comparables have improvement assessments that range from \$103,334 to \$128,663 or from \$33.92 to \$37.72 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$105,557 or \$36.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$210,978. The subject has an improvement assessment of \$131,889 or \$45.14 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on nine equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction each with 2,922 square feet of living area and built from 1995 to 1997. Each dwelling has a basement, eight with finished area, central air conditioning and either a 641 or a 642 square foot garage. Eight homes each have one fireplace. The comparables have improvement assessments that range from \$132,685 to \$138,320 or from \$45.41 to \$47.34 per square foot of living area.

The board of review included comments asserting each of its comparable properties are the same model as the subject property while the appellant's comparables are all a larger model. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 13 equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #1 and #4 through #9 which differ from the subject in dwelling size and/or have a finished basement in contrast to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are nearly identical to the subject in location, age, design, dwelling size and other features. These two best comparables have improvement assessments of \$132,685 and \$133,162 or \$45.41 and \$45.57 per square foot of living area. The subject's improvement assessment of \$131,889 or \$45.14 per square foot of living area falls below the two best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
