

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anand Sankara  
DOCKET NO.: 21-01611.001-R-1  
PARCEL NO.: 15-17-414-008

The parties of record before the Property Tax Appeal Board are Anand Sankara, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$27,954  
**IMPR.:** \$169,212  
**TOTAL:** \$197,166

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,454 square feet of living area. The dwelling was constructed in 1998 and is approximately 23 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a garage with 682 square feet of building area. The property has an 18,514 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located in the same assessment neighborhood code as the subject and within 0.30 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,288 to 3,388 square feet of living area. The dwellings are 22 or 30 years old. Each comparable has a basement, two with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 660 to 736 square feet of building area. The comparables have improvement assessment ranging from \$136,801 to \$154,142 or from \$40.38 to \$45.92 per square foot of living area. Based on this evidence, the appellant requested

the subject's improvement assessment be reduced to \$150,853 or \$43.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$197,166. The subject property has an improvement assessment of \$169,212 or \$48.99 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis on three suggested equity comparables that are in the same assessment neighborhood code as the subject and within 0.59 of a mile from the subject property. The comparables are improved with 1-story or 2-story dwellings of frame exterior construction that range in size from 3,222 to 3,445 square feet of living area. The dwellings were built from 1995 to 2004. Each comparable has a basement with finished area, central air conditioning, a fireplace and a garage ranging in size from 608 to 715 square feet of building area. The comparables have improvement assessments ranging from \$157,321 to \$171,876 or from \$48.83 to \$49.89 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #3 and #4 due to their unfinished basements when compared to subject's finished basement and the other comparables in the record.

The Board finds the best evidence of assessment to be the parties' remaining comparables. These comparables are similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments that range from \$136,801 to \$171,876 or from \$40.38 to \$49.89 per square foot of living area. The subject property has an improvement assessment of \$150,853 or \$43.67 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
