

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Radmilo Milosavljevic
DOCKET NO.: 21-01637.001-R-1
PARCEL NO.: 07-20-400-167

The parties of record before the Property Tax Appeal Board are Radmilo Milosavljevic, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,369
IMPR.: \$38,997
TOTAL: \$44,366

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story condominium of wood siding exterior construction with 1,320 square feet of living area. The dwelling was constructed in 1988. Features of the home include a concrete slab foundation, central air conditioning and a garage containing 264 square feet of building area. The property is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .21 of mile from the subject property. The appellant reported the comparables are improved with 2-story condominiums of wood siding exterior construction each containing 1,320 square feet of living area. The dwellings were built from 1986 to 1989. The comparables each have a concrete slab foundation, central air conditioning, a fireplace and a garage containing 264 square feet of building area. The comparables sold from December 2018 to January 2020 for prices ranging from \$120,000 to

\$130,000 or from \$90.91 to \$98.48 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,366. The subject's assessment reflects a market value of \$133,432 or \$101.08 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on six comparable sales that have the same assessment neighborhood code as the subject and are located within .23 of a mile from the subject property. The board of review reported the comparables are improved with 2-story condominiums of wood siding exterior construction each containing 1,320 square feet of living area. The dwellings were built from 1985 to 1988. Each comparable has a concrete slab foundation, central air conditioning and a garage containing 264 square feet of building area. Four comparables each have a fireplace. The comparables sold from September 2019 to November 2020 for prices ranging from \$134,000 to \$158,000 or from \$101.52 to \$119.70 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3 along with board of review comparables #2 and #3 due to their sales occurring in either 2018 or 2019, which occurred less proximate in time to the assessment date than other sales in this record.

The Board finds the best evidence of market value to be the parties' remaining comparables, which are similar to the subject in location, age and some features and identical in design and dwelling size. These comparables sold from January to November 2020 for prices ranging from \$123,000 to \$153,900 or from \$93.18 to \$116.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$133,432 or \$101.08 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
