

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marty Gilbert
DOCKET NO.: 21-01640.001-R-1
PARCEL NO.: 15-24-112-006

The parties of record before the Property Tax Appeal Board are Marty Gilbert, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$62,204
IMPR.: \$141,289
TOTAL: \$203,493

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,422 square feet of living area. The dwelling was constructed in 1969 and is approximately 52 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a garage with 744 square feet of building area. The property has an 19,602 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located in the same assessment neighborhood code as the subject and within 0.78 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,061 to 3,364 square feet of living area. The dwellings range in age from 50 to 55 years old. Each comparable has a basement, three with finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 506 to 667 square feet of building area. The comparables have improvement assessments ranging from \$108,583 to \$125,225 or from \$34.20 to \$37.34 per square foot of living area. Based on this evidence, the

appellant requested the subject's improvement assessment be reduced to \$123,363 or \$36.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,793. The subject property has an improvement assessment of \$141,289 or \$41.29 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and two grid analyses on nine suggested equity comparables that are in the same assessment neighborhood code as the subject and within 0.79 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick, frame or brick and frame exterior construction that range in size from 3,234 to 3,599 square feet of living area. The dwellings were built from 1962 to 1980, with comparables #1, #3, #4, #5, #8 and #9 having effective years built range from 1974 to 1983. Each comparable has a basement, five with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 462 to 1,015 square feet of building area. The comparables have improvement assessments ranging from \$136,487 to \$163,134 or from \$41.20 to \$47.69 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2 and #3, along with the board of review comparables #1, #2, #5, #6 and #9 due to their finished basements when compared to subject's unfinished basement and the other comparables in the record.

The Board finds the best evidence of assessment to be the parties' remaining comparables. These comparables are similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments that range from \$114,306 to \$163,134 or from \$37.34 to \$46.00 per square foot of living area. The subject property has an improvement assessment of \$141,289 or \$41.29 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
