

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ilya Brin
DOCKET NO.: 21-01641.001-R-1
PARCEL NO.: 15-33-110-023

The parties of record before the Property Tax Appeal Board are Ilya Brin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,009
IMPR.: \$112,801
TOTAL: \$142,810

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling¹ of frame exterior construction with 2,290 square feet of living area. The dwelling was constructed in 1985 and is approximately 36 years old. Features of the home include an unfinished full basement, central air conditioning, a fireplace and a 440 square foot garage. The property has a 7,918 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assigned neighborhood code as the subject and within .35 of a mile from the subject. The comparables consist of two-story dwellings of wood siding exterior

¹ Both parties describe the dwelling as a two-story home despite the subject's property record card schematic drawing depicting a part one-story and part two-story dwelling.

construction. The homes range in age from 35 to 42 years old and range in size from 2,377 to 2,490 square feet of living area. Each comparable has an unfinished full basement, central air conditioning and a garage ranging in size from 400 to 460 square feet of building area. Three of the comparables each have a fireplace. The comparables have improvement assessments ranging from \$101,354 to \$107,919 or from \$40.95 to \$43.98 per square foot of living area.

Based on this evidence, the appellant requested a reduced improvement assessment of \$97,783 or \$42.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,810. The subject property has an improvement assessment of \$112,801 or \$49.26 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assigned neighborhood code as the subject and within .22 of a mile from the subject. The comparables consist of two-story dwellings of frame exterior construction that were built in either 1985 or 1987. The homes range in size from 2,278 to 2,290 square feet of living area and feature unfinished basements, central air conditioning and a garage ranging in size from 400 to 441 square feet of building area. Three of the comparables each have a fireplace. The comparables have improvement assessments ranging from \$112,300 to \$120,205 or from \$49.30 to \$52.49 per square foot of living area. Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The comparables present varying degrees of similarity to the subject in age and dwelling size, but are highly similar to the subject in location, design and most features. The comparables have improvement assessments that range from \$101,354 to \$120,205 or from \$40.95 to \$52.49 per square foot of living area. The subject's improvement assessment of \$112,801 or \$49.26 per square foot of living area falls within the range established by the comparables in this record and is particularly well-supported by the most similar property, board of review comparable #1. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
