

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sara Lerch  
DOCKET NO.: 21-01645.001-R-1  
PARCEL NO.: 15-23-110-003

The parties of record before the Property Tax Appeal Board are Sara Lerch, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$39,944  
**IMPR.:** \$131,815  
**TOTAL:** \$171,759

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,268 square feet of living area. The dwelling was constructed in 1995 and is approximately 26 years old. Features of the home a concrete slab foundation, central air conditioning, a fireplace and a garage with 480 square feet of building area. The property has an 8,276 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located in the same assessment neighborhood code as the subject and within 0.25 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,125 to 3,393 square feet of living area. The dwellings are 27 and 28 years old. Each comparable has a concrete slab foundation. Each comparable has central air conditioning and a garage ranging in size from 400 to 483 square feet of building area. Three comparables each has one or two fireplaces. The comparables have improvement assessments ranging from \$106,455 to \$126,867 or from \$33.13 to \$37.39 per square foot of living area. Based on

this evidence, the appellant requested the subject's improvement assessment be reduced to \$115,768 or \$35.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,759. The subject property has an improvement assessment of \$131,815 or \$40.34 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis on five suggested equity comparables that are in the same assessment neighborhood code as the subject and within 0.18 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick and frame exterior construction that range in size from 3,072 to 3,284 square feet of living area. The dwellings were built in 1994 or 1995. Each comparable has a concrete slab foundation, central air conditioning, one or two fireplaces and a garage ranging in size from 440 to 480 square feet of building area. The comparables have improvement assessments ranging from \$125,593 to \$135,869 or from \$40.46 to \$41.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Boards consideration. The Board finds all of the comparables are similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments that range from \$106,455 to \$135,869 or from \$33.13 to \$41.58 per square foot of living area. The subject property has an improvement assessment of \$115,768 or \$35.42 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
