

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Finlayson
DOCKET NO.: 21-01660.001-R-1
PARCEL NO.: 05-25-401-066

The parties of record before the Property Tax Appeal Board are Andrew Finlayson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,396
IMPR.: \$78,045
TOTAL: \$88,441

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,347 square feet of living area. The dwelling was constructed in 2002 and is approximately 19 years old. Features of the home include an unfinished walk out basement, central air conditioning and a garage with 440 square feet of building area. The property has a 7,179 square foot site and is located in Round Lake, Grant Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within 0.47 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,292 to 2,370 square feet of living area. The dwellings are 19 and 20 years old. Each comparable has an unfinished basement, central air conditioning and a garage with 420 or 440 square feet of building area. The comparables have improvement assessments ranging from \$70,437 to \$73,260 or from \$30.17 to \$30.94 per square foot of living area. Based on

this evidence, the appellant requested the subject's improvement assessment be reduced to \$71,994 or \$30.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,441. The subject property has an improvement assessment of \$78,045 or \$33.25 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on ten equity comparables that have the same assessment neighborhood code as the subject and are located within 0.77 of a mile from the subject property. The comparables are improved with 2-story dwellings of frame or brick and frame exterior construction that range in size from 2,190 to 2,400 square feet of living area. The dwellings were built from 1999 to 2002. Each comparable has a basement, one with finished area and two of walk out design. Each comparable has central air conditioning and a garage ranging in size from 420 to 660 square feet of building area. Eight comparables each have a fireplace. One comparable has an inground swimming pool. The comparables have improvement assessments ranging from \$72,079 to \$78,878 or from \$31.91 to \$33.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted fourteen suggested comparables for the Board's consideration. The Board gave less weight to the board of review comparables #3 and #4 due to their inground swimming pool or finished basement area, not features of the subject.

The Board finds the best evidence of assessment to be the parties' remaining comparables. These comparables are similar to the subject in location, dwelling size, design, age and some features. These comparables have improvement assessments that range from \$70,437 to \$78,878 or from \$30.17 to \$33.84 per square foot of living area. The subject property has an improvement assessment of \$78,045 or \$33.25 per square foot of living area which falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
