

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Heide Betman
DOCKET NO.: 21-01669.001-R-1
PARCEL NO.: 07-10-201-006

The parties of record before the Property Tax Appeal Board are Heide Betman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,866
IMPR.: \$203,153
TOTAL: \$236,019

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 5,271 square feet of living area. The dwelling was constructed in 2005 and is approximately 16 years old. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a garage containing 726 square feet of building area. The property has a 45,518 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.47 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 4,229 to 4,843 square feet of living that range in age from 14 to 17 years old. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage ranging in size from 665 to 944 square feet of building area. The comparables have improvement assessments ranging from \$116,409 to \$143,930 or from \$24.04

to \$34.03 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$150,750 or \$28.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$236,019. The subject property has an improvement assessment of \$203,153 or \$38.54 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.62 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 4,812 to 5,207 square feet of living area that were built in either 2005 or 2006. Each comparable has a basement with finished area, central air conditioning, either one or three fireplaces and a garage ranging from 726 to 966 square feet of building area. The comparables have improvement assessments ranging from \$199,781 to \$207,536 or from \$39.86 to \$41.52 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board has given less weight to the appellants comparables due to their lack of basement finished area or smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are most similar to the subject in location, design, dwelling size, age and some features. These most similar comparables have improvement assessments ranging from \$199,781 to \$207,536 or from \$39.86 to \$41.52 per square foot of living area. The subject property has an improvement assessment of \$203,153 or \$38.54 per square foot of living area, which falls within the range on an overall improvement assessment total but below the range on a per square foot basis established by the best comparables in this record. Based on this record, and after considering differences between the best equity comparables and the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
