

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mingyu Xu  
DOCKET NO.: 21-01676.001-R-1  
PARCEL NO.: 15-28-101-063

The parties of record before the Property Tax Appeal Board are Mingyu Xu, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,371  
**IMPR.:** \$153,374  
**TOTAL:** \$193,745

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,182 square feet of living area. The dwelling was constructed in 1993 and is approximately 28 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 704 square foot garage. The property has an approximately 14,810 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that

range in size from 3,214 to 3,315 square feet of living area and are each 33 years old. Each comparable has a basement, two with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 552 square feet of building area. The comparables have improvement assessments that range from \$121,752 to \$133,503 or from \$37.88 to \$40.27 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$124,098 or \$39.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$193,745. The subject has an improvement assessment of \$153,374 or \$48.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or brick and frame exterior construction that range in size from 2,758 to 3,166 square feet of living area. The homes were built from 1988 to 1992. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 420 to 704 square feet of building area. The comparables have improvement assessments that range from \$132,984 to \$151,843 or from \$47.60 to \$48.22 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1 and #2 as well as board of review comparables #1, #3 and #5 which lack finished basement area and/or are less similar in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant comparables #3 and #4 along with board of review comparables #2 and #4 which are more similar to the subject in location, age, design, dwelling size, finished basement and other features. These comparables have improvement assessments that range from \$127,016 to \$151,843 or from \$39.52 to \$47.96 per square foot of living area. The subject's improvement assessment of \$153,374 or \$48.20 per square foot of living area falls slightly above the range established by the best comparables in this record. However, given the subject's newer age and larger garage size, relative to the best comparables, a slightly higher assessment appears to be justified. Therefore, after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
