

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Peters  
DOCKET NO.: 21-01687.001-R-1  
PARCEL NO.: 15-28-308-013

The parties of record before the Property Tax Appeal Board are William Peters, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$25,196  
**IMPR.:** \$117,729  
**TOTAL:** \$142,925

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a split-level dwelling of wood siding exterior construction with 2,028 square feet of above ground living area. The dwelling was constructed in 1985 and is approximately 36 years old. Features of the home include a finished lower level, central air conditioning and a garage with 420 square feet of building area. The property has a 7,438 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located within the same assessment neighborhood as the subject property and within 0.27 of a mile from the subject property. The comparables are improved with split-level dwellings of wood siding exterior construction that have 1,852 or 2,205 square feet of above ground living area. The dwellings are 40 or 41 years old. Each comparable has a finished lower level, central air conditioning and a garage containing either 462 or 480 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments that range from \$88,343 to \$109,090 or from \$47.70 to \$49.47 per square foot of living area. Based on this evidence,

the appellant requested the subject's improvement assessment be reduced to \$98,915 or \$48.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,925. The subject property has an improvement assessment of \$117,729 or \$58.05 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables located within the same assessment neighborhood as the subject property and within 0.24 of a mile from the subject property. The comparables are improved with split-level dwellings of frame exterior construction each containing 2,028 square feet of above ground living area. The dwellings were built in 1985 and 1986. Each comparable has a finished lower level, central air conditioning and a garage containing 420 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$117,903 to \$119,460 or from \$58.14 to \$58.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables, due to their dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity are the board of review comparables. These comparables are identical to the subject in location, design, age, dwelling size and some features. They have improvement assessments ranging from \$117,903 to \$119,460 or from \$58.14 to \$58.91 per square foot of living area. The subject's improvement assessment of \$117,729 or \$58.05 per square foot of living area falls below the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
