

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jacob George  
DOCKET NO.: 21-01694.001-R-1  
PARCEL NO.: 11-07-405-010

The parties of record before the Property Tax Appeal Board are Jacob George, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$53,364  
**IMPR.:** \$109,180  
**TOTAL:** \$162,544

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,462 square feet of living area. The dwelling was constructed in 1987 and is approximately 34 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a garage containing 400 square feet of building area. The property has a 13,734 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.31 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,317 to 2,520 square feet of living that are either 33 or 34 years old. Each comparable has an unfinished basement, central air conditioning and a garage containing 400 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$87,896 to \$98,709 or from \$35.59 to

\$39.17 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$93,494 or \$37.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,544. The subject property has an improvement assessment of \$109,180 or \$44.35 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.25 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction containing either 2,470 or 2,500 square feet of living area that were built in either 1987 or 1988. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage containing 400 square feet of building area. The comparables have improvement assessments ranging from \$109,953 to \$114,034 or from \$44.52 to \$45.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds all of the comparables are similar to the subject in location, design, dwelling size, age and some features. The comparables have improvement assessments ranging from \$87,896 to \$114,034 or from \$35.59 and \$45.61 per square foot of living area. The subject property has an improvement assessment of \$109,180 or \$44.35 per square foot of living area, which falls within the range established by the best comparables in this record. Based on this record, and after considering adjustments for differences between the best equity comparables and the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
