

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Lindquist
DOCKET NO.: 21-01740.001-R-1
PARCEL NO.: 12-31-403-014

The parties of record before the Property Tax Appeal Board are William Lindquist, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$122,557
IMPR.: \$187,033
TOTAL: \$309,590

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick exterior construction with 3,811 square feet of living area. The dwelling was constructed in 1984 and is approximately 37 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and an 891 square foot garage. The property has a 39,910 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located in the same neighborhood code as the subject and within 1.08 miles from the subject property. The comparables have sites that range from 17,715 to 75,390 square feet of land area. The comparables are improved with either 1-story or 2-story dwellings of either brick or wood siding exterior construction ranging in size from 3,641 to 4,250 square feet of living area that are from 37 to 67 years old. The appellant reported that three comparables have a basement, two with finished area, and one comparable has a concrete slab foundation. Each comparable has central air conditioning, either one or two

fireplaces and a garage ranging in size from 786 to 1,042 square feet of building area. The comparables sold in July and September 2020 for prices ranging from \$605,000 to \$875,000 or from \$163.82 to \$205.88 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$309,590. The subject's assessment reflects a market value of \$931,098 or \$244.32 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with four comparables being located in the same neighborhood code as the subject and all comparables located within .60 of a mile from the subject property. Comparable #3 is the same property as the appellant's comparable #4. The comparables have sites ranging from 40,080 to 80,150 square feet of land area. The comparables are improved with 1.5-story, part 1-story and part 2-story¹ or 2-story dwellings of brick exterior construction that range in size from 3,623 to 3,999 square feet of living area that were built from 1972 to 1987. Each comparable has a basement, three with finished area, central air conditioning, either two or three fireplaces and a garage ranging in size from 625 to 1,080 square feet of building area. Comparable #1 has an inground swimming pool. The comparables sold from July 2020 to May 2021 for prices ranging from \$840,000 to \$1,250,000 or from \$222.05 to \$345.02 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration, with one comparable being common to both parties. The Board has given less weight to appellant's comparables #1, #2 and #3 along with board of review comparables #4 and #5 due to their dissimilar dwelling sizes, site sizes, age and/or foundation style when compared to the subject. The Board gave reduced weight to board of review comparable #1 for its inground swimming pool, a feature the subject lacks.

The Board finds the best evidence of market value to be the common comparable along with board of review comparable #2. The Board finds that these comparables are relatively similar to the subject in location, design, dwelling size, age and features. The comparables sold in July and

¹ Comparable #4 is reported to have 1,671 square feet of ground floor area and 3,643 square feet of above ground area indicating that the dwelling is part 1-story and part 2-story.

October 2020 for prices of \$855,000 and \$1,015,000 or for \$227.39 and \$253.81 per square foot of living area, including land. The subject's assessment reflects a market value of \$931,098 or \$244.32 per square foot of living area, including land, which is bracketed by the best two comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
