

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Dorothy Davis DOCKET NO.: 21-01742.001-R-1 PARCEL NO.: 12-31-208-003

The parties of record before the Property Tax Appeal Board are Dorothy Davis, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$127,850 **IMPR.:** \$255,753 **TOTAL:** \$383,603

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

#### **Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 4,056 square feet of living area. The dwelling was constructed in 1961 and is approximately 60 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, a garage containing 624 square feet of building area, an inground swimming pool and a wood frame green house with 359 square feet of building area. The property has a 48,352 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 1.15 miles from the subject property. The comparables are improved with either 1.5-story, 1.75-story or 2-story dwellings of brick exterior construction ranging in size from 3,515 to 4,160 square feet of living area that range in age from 35 to 94 years old. Three comparables each have a basement, two with finished area, and one comparable has a crawl space foundation. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 529 to 959 square feet of

building area. The comparables have improvement assessments ranging from \$166,074 to \$219,248 or from \$44.80 to \$53.14 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$383,603. The subject property has an improvement assessment of \$255,753 or \$63.06 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within .61 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding, brick or brick and wood siding exterior construction ranging in size from 3,818 to 4,476 square feet of living area that were built from 1968 to 1976 with comparables #1 and #2 having effective ages of 1977 and 1985, respectively. Each comparable has a basement with finished area, central air conditioning, one to four fireplaces and a garage ranging in size from 560 to 1,004 square feet of building area. The comparables have improvement assessments ranging from \$195,927 to \$285,781 or from \$49.77 to \$65.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3 due to their differences from the subject in age or dwelling size. Furthermore, the appellant's comparables #1 is located over one mile away from the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review comparables #1, #2 and #5 which are most similar to the subject in location, design, dwelling size and age. However, the Board finds these six comparables have finished basement area, unlike the subject and all six comparables lack an inground swimming pool and greenhouse, both features of the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. These most similar comparables have improvement assessments ranging from \$195,927 to \$264,606 or from \$49.77 to \$62.25 per square foot of living area. The subject property has an improvement assessment of \$255,753 or \$63.06 per square foot of living area, which falls within the range established by the best comparables in the record. Based on this record, and after considering adjustments for differences between the best equity comparables and the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
