

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Collin Davidson
DOCKET NO.: 21-01743.001-R-1
PARCEL NO.: 12-21-104-005

The parties of record before the Property Tax Appeal Board are Collin Davidson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$76,508
IMPR.: \$158,990
TOTAL: \$235,498

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick exterior construction with 1,951 square feet of living area. The dwelling was constructed in 2009 and is approximately 12 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a garage containing 440 square feet of building area. The property has a 6,250 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within .58 of a mile from the subject property. The comparables are improved with either 1.5-story or 2-story dwellings of woos siding or stucco exterior construction ranging in size from 2,466 to 2,602 square feet of living area that range in age from 12 to 21 years old. Each comparable has a basement with finished area, central air conditioning, either two or three fireplaces and a garage ranging in size from 360 to 462 square feet of building area. The comparables have improvement assessments ranging

from \$174,361 to \$207,025 or from \$69.19 to \$79.69 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$235,498. The subject property has an improvement assessment of \$158,990 or \$81.49 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within .72 of a mile from the subject property. Comparable #4 is the same property as the appellant's comparable #2. The comparables are improved with either part 1.5-story or 2-story dwellings of brick, stucco wood siding or shingle-wood/asphalt exterior construction ranging in size from 2,440 to 2,512 square feet of living area that were built from 2000 to 2016. Each comparable has a basement, four with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 360 to 504 square feet of building area. The comparables have improvement assessments ranging from \$179,680 to \$277,375 or from \$72.86 to \$111.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration, with one comparable being common to both parties that have varying degrees of similarity to the subject in age, dwelling size and features. However, the Board finds all comparables are larger in dwelling size when compared to the subject and seven comparables have finished basements when compared to the subject, suggesting adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, these most similar comparables have improvement assessments ranging from \$174,361 to \$277,375 or from \$69.19 to \$111.66 per square foot of living area. The subject property has an improvement assessment of \$158,990 or \$81.49 per square foot of living area, which falls below the range on an overall improvement assessment total and within the range on a price per square foot basis established by the best comparables in this record, which appears to be justified given its smaller dwelling size and unfinished basement. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
