

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Dee
DOCKET NO.: 21-01746.001-R-1
PARCEL NO.: 12-31-103-002

The parties of record before the Property Tax Appeal Board are Christopher Dee, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$104,342
IMPR.: \$146,523
TOTAL: \$250,865

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 3,133 square feet of living area. The dwelling was constructed in 1962 and is approximately 59 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a garage containing 484 square feet of building area. The property has a 24,018 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within .60 of a mile from the subject property. The comparables are improved with 1-story dwellings of either brick or wood siding exterior construction ranging in size from 2,787 to 3,408 square feet of living area that range in age from 52 to 67 years old. Each comparable has central air conditioning, either one or three fireplaces and a garage ranging in size from 440 to 956 square feet of building area. Three comparables have a basement, two with finished area, and one comparable is reported to have a crawl space foundation. The comparables have improvement assessments ranging from \$95,044 to

\$115,925 or from \$33.49 to \$34.31 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$250,865. The subject property has an improvement assessment of \$146,523 or \$46.77 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within .81 of a mile from the subject property. The comparables are improved with 1-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 3,254 to 3,595 square feet of living area that were built from 1955 to 1976, with comparable #1 having an effective age of 1980. Each comparables has basement, two with finished area. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 572 to 884 square feet of building area. Comparable #5 has an inground swimming pool. The comparables have improvement assessments ranging from \$158,645 to \$213,342 or from \$46.88 to \$65.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #2 along with board of review comparables #1 and #2 due to their finished basements when compared to the subject's unfinished basement. The Board gave reduced weight to board of review comparable #5 due to its inground swimming pool, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 and the board of review comparables #3 and #4 which are relatively similar to the subject in location, design, dwelling size, age and features. These comparables have improvement assessments ranging from \$110,682 to \$182,802 or from \$34.02 to \$51.76 per square foot of living area. The subject property has an improvement assessment of \$146,523 or \$46.77 per square foot of living area, which falls within the range established by the best comparables in the record. Based on this record, and after considering adjustments for differences between the best equity comparables, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
