

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anne DeGot
DOCKET NO.: 21-01747.001-R-1
PARCEL NO.: 12-33-408-038

The parties of record before the Property Tax Appeal Board are Anne DeGot, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,918
IMPR.: \$92,316
TOTAL: \$138,234

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,884 square feet of living area. The dwelling was constructed in 1912 and is approximately 109 years old and has an effective year built of 1922. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 400 square feet of building area. The property has an approximately 4,530 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located from .13 of a mile to 1.24 miles from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 1,680 to 2,138 square feet of living area that range in age from 92 to 111 years old. Each comparable has a basement, one with finished area and a garage ranging in size from 240 to 576 square feet of building area. One comparable has central air conditioning and two comparables each have a fireplace. The comparables

have improvement assessments ranging from \$81,146 to \$107,422 or from \$47.18 to \$50.24 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$145,110. The subject property has an improvement assessment of \$99,192 or \$52.65 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located from .06 of a mile to 1.52 miles from the subject property. The comparables are improved with 2-story dwellings of either brick or wood siding exterior construction ranging in size from 1,124 to 1,450 square feet of living area that were built in either 1900 or 1912. Each comparable has an unfinished basement. Three comparables each have central air conditioning. Two comparables each have a fireplace and four comparables each have a garage ranging in size from 360 to 880 square feet of building area. The comparables have improvement assessments ranging from \$59,640 to \$80,334 or from \$53.06 to \$55.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the board of review comparables for their significantly smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are most similar to the subject in location, design, dwelling size, age and some features. These most similar comparables have improvement assessments ranging from \$81,146 to \$107,422 or from \$47.18 to \$50.24 per square foot of living area. The subject's improvement assessment of \$99,192 or \$52.65 per square foot of living area, falls within the range on an overall total assessment but above the range on a price per square foot basis. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
