

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Moorthy Ghattamaneni
DOCKET NO.: 21-01778.001-R-1
PARCEL NO.: 15-21-219-075

The parties of record before the Property Tax Appeal Board are Moorthy Ghattamaneni, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,456
IMPR.: \$83,132
TOTAL: \$109,588

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of wood siding exterior construction with 1,512 square feet of above ground living area. The dwelling was constructed in 2007 and is approximately 14 years old. Features of the home include a finished lower level, central air conditioning, a fireplace and a garage with 400 square feet of building area. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located in the same assessment neighborhood code as the subject and within 0.12 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 1,636 to 1,983 square feet of living area. The dwellings are 10 and 15 years old. Each comparable has a partial unfinished basement, central air conditioning and garage containing 420 square feet of building area. One comparable has a fireplace. The comparables have improvement assessment ranging from \$74,176 to \$85,979 or from \$43.36 to

\$47.81 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$68,644 or \$45.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$109,588. The subject property has an improvement assessment of \$83,132 or \$54.98 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables that are in the same assessment neighborhood as the subject property and within 0.09 of a mile from the subject property. The comparables are improved with 2-story townhomes of frame or brick and frame exterior construction that each contain 1,512 square feet of above ground living area. The dwellings were built in 2007. Each comparable has a finished lower level, central air conditioning and a garage containing 400 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$83,159 to \$90,404 or from \$55.00 to \$59.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their dissimilar foundations and/or lack of finished lower level when compared to the subject.

The Board finds the best evidence of assessment equity are the board of review comparables. These comparables are identical to the subject in design, foundation, age, dwelling size and features. These comparables have improvement assessments that range from \$83,159 to \$90,404 or from \$55.00 to \$59.79 per square foot of living area. The subject property has an improvement assessment of \$83,132 or \$54.98 per square foot of living area, which falls below the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
