

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jodie Grant
DOCKET NO.: 21-01779.001-R-1
PARCEL NO.: 15-21-409-002

The parties of record before the Property Tax Appeal Board are Jodie Grant, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,755
IMPR.: \$142,049
TOTAL: \$183,804

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,243 square feet of living area. The dwelling was constructed in 1998 and is approximately 23 years old. Features of the home include an unfinished basement, central air conditioning and a garage with 506 square feet of building area. The property has a 13,504 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located in the same assessment neighborhood code as the subject and within 0.26 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,757 to 3,873 square feet of living area. The dwellings are 23 and 24 years old. Each comparable has a basement, two with finished area, central air conditioning and garage ranging in size from 528 to 693 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessment ranging from \$146,117 to \$153,111 or from \$38.89 to \$40.38 per square foot of living area. Based on this

evidence, the appellant requested the subject's improvement assessment be reduced to \$128,179 or \$39.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$183,804. The subject property has an improvement assessment of \$142,049 or \$43.80 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables that are located in the same assessment neighborhood code as the subject property and within 0.33 of a mile from the subject property. The comparables are improved with 2-story dwellings of frame exterior construction that each contain 3,243 square feet of living area. The dwellings were built from 1996 to 1998. Each comparable has an unfinished basement, central air conditioning and a garage ranging in size from 506 to 713 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$147,359 to \$153,938 or from \$45.44 to \$47.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their dissimilar dwelling sizes and/or finished basements, a feature the subject lacks.

The Board finds the best evidence of assessment equity are the board of review comparables. These comparables are similar to the subject in design, location and age, and are identical in dwelling size and features. These comparables have improvement assessments that range from \$147,359 to \$153,938 or from \$45.44 to \$47.47 per square foot of living area. The subject property has an improvement assessment of \$142,049 or \$43.80 per square foot of living area, which falls below the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
