

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Cynthia Concialdi
DOCKET NO.: 21-01918.001-R-1
PARCEL NO.: 16-32-403-014

The parties of record before the Property Tax Appeal Board are Cynthia Concialdi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$51,480
IMPR.:	\$90,845
TOTAL:	\$142,325

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,936 square feet of living area. The dwelling was constructed in 1960 and is approximately 61 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 240 square foot garage. The property has an approximately 9,600 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior

construction that range in size from 1,576 to 2,003 square feet of living area. The homes range in age from 57 to 62 years old. Each comparable has a basement, three with finished area, central air conditioning and a garage ranging in size from 264 to 638 square feet of building area. Three comparables have either one or two fireplaces. The comparables have improvement assessments that range from \$57,801 to \$77,320 or from \$36.68 to \$39.32 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$74,342 or \$38.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,325. The subject has an improvement assessment of \$90,845 or \$46.92 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction that range in size from 1,890 to 1,936 square feet of living area. The homes were built from 1959 to 1961. Three comparables each have a basement, two of which have finished area, and two comparables each have a concrete slab foundation. Four homes have central air conditioning, three comparables have either one or two fireplaces and each home has a garage ranging in size from 240 to 492 square feet of building area. The comparables have improvement assessments that range from \$90,187 to \$106,704 or from \$46.87 to \$55.46 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #3 and #4 along with board of review comparables #1 through #4 which differ from the subject in dwelling size, finished basement area, and/or foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant comparable #2 and board of review comparable #5 which are similar to the subject in location, age, design, dwelling size and other features. These two best comparables have improvement assessments of \$77,320 and \$99,839 or for \$38.60 and \$52.82 per square foot of living area, respectively. The subject's improvement assessment of \$90,845 or \$46.92 per square foot of living area is bracketed by the two best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
