

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Geoffrey Hanson
DOCKET NO.: 21-01922.001-R-1
PARCEL NO.: 16-09-212-018

The parties of record before the Property Tax Appeal Board are Geoffrey Hanson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$82,846
IMPR.: \$150,903
TOTAL: \$233,749

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,060 square feet of living area. The dwelling was constructed in 1956 and is approximately 65 years old. Features of the home include an unfinished basement, central air conditioning and a 520 square foot garage. The property has an approximately 20,790 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with a 1.5-story, a 1.8-story or a 2-story dwelling with brick exterior

construction that range in size from 3,042 to 3,894 square feet of living area. The homes range in age from 55 to 64 years old. Each comparable has an unfinished basement, central air conditioning and one or two fireplaces. Three comparables each have a garage ranging in size from 462 to 624 square feet of building area. The comparables have improvement assessments that range from \$72,892 to \$123,375 or from \$23.96 to \$31.68 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$111,650 or \$27.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$233,749. The subject has an improvement assessment of \$150,903 or \$37.17 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with a 1.5-story, a 1.75-story or a 2-story dwelling of brick exterior construction that range in size from 3,973 to 4,126 square feet of living area. The homes were built from 1955 to 1968 with comparable #5 having an effective year built of 1970. Each comparable has a basement with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 462 to 672 square feet of building area. The comparables have improvement assessments that range from \$176,494 to \$195,078 or from \$43.12 to \$49.10 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #3 which are substantially smaller in dwelling size when compared to the subject. The Board also gives less weight to the board of review's comparables #4 and #5 which are less similar to the subject in age than other properties in the record. The Board finds the best evidence of assessment equity to be appellant comparable #4 and board of review comparables #1, #2 and #3 which are more similar to the subject in location, age, dwelling size and some features. Although, three of these four best comparables have finished basement area in contrast to the subject's unfinished basement, suggesting downward adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments that range from \$123,375 to \$179,784 or from \$31.68 to \$43.68 per square foot of living area. The subject's improvement assessment of \$150,903 or \$37.17 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
