

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edna Schneider
DOCKET NO.: 21-01927.001-R-1
PARCEL NO.: 16-32-102-013

The parties of record before the Property Tax Appeal Board are Edna Schneider, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,767
IMPR.: \$67,247
TOTAL: \$120,014

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,886 square feet of living area. The dwelling was constructed in 1957 and is approximately 64 years old. Features of the home include a concrete slab foundation, central air conditioning, and a 264 square foot garage. The property has a 9,922 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick exterior construction with either 1,886 or 2,107 square feet of living area. The homes are 64 or 65 years old. The comparables each have a concrete slab foundation, central air conditioning, and a 264 square foot garage. Three comparables each have a fireplace. The comparables have improvement assessments that range

from \$46,656 to \$61,911 or from \$24.74 to \$29.38 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$120,014. The subject has an improvement assessment of \$67,247 or \$35.66 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction with 1,886 square feet of living area. The homes were built in 1957 or 1958. Three comparables have basements and two comparables have concrete slab foundations. Each comparable has central air conditioning and a 264 square foot garage. Two comparables each have one fireplace. These comparables have improvement assessments ranging from \$78,200 to \$89,112 or from \$41.46 to \$47.25 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1, #2 and #3 which have a basement that is not a feature of the subject. The Board gives less weight to appellant's comparable #4 which is less similar in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #3 as well as board of review comparables #4 and #5. These comparables are identical to the subject in dwelling size and similar in location, age and features. The comparables have improvement assessments that range from \$46,656 to \$81,105 or from \$24.74 to \$43.00 per square foot of living area. The subject's improvement assessment of \$67,247 or \$35.66 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
