

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Erica Battaglia
DOCKET NO.: 21-01938.001-R-1
PARCEL NO.: 16-28-311-023

The parties of record before the Property Tax Appeal Board are Erica Battaglia, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,183
IMPR.: \$295,652
TOTAL: \$336,835

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,422 square feet of living area. The dwelling was constructed in 2003 and is approximately 18 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 504 square foot garage. The property has an approximately 8,100 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior

construction that range in size from 3,887 to 4,992 square feet of living area. The homes range in age from 16 to 18 years old. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a garage ranging in size from 651 to 933 square feet of building area. The comparables have improvement assessments that range from \$200,708 to \$272,778 or from \$50.91 to \$56.26 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$235,913 or \$53.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$336,835. The subject has an improvement assessment of \$295,652 or \$66.86 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction that range in size from 3,748 to 5,188 square feet of living area. The homes were built from 2003 to 2007. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a garage ranging in size from 506 to 835 square feet of building area. The comparables have improvement assessments that range from \$293,528 to \$394,506 or from \$73.40 to \$82.62 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board finds both parties' comparables are similar to the subject in location, age and design, however, five of the parties' comparables are less similar to the subject in dwelling size while four of the parties' comparables differ from the subject in having finished basement area. The comparables have improvement assessments that range from \$200,708 to \$394,506 or from \$50.91 to \$82.62 per square foot of living area. The subject's improvement assessment of \$295,652 or \$66.86 per square foot of living area falls within the range established by the comparables in this record. After considering appropriate adjustments to these comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
