

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elliot Solomon  
DOCKET NO.: 21-01954.001-R-1  
PARCEL NO.: 16-21-207-012

The parties of record before the Property Tax Appeal Board are Elliot Solomon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$89,452  
**IMPR.:** \$205,000  
**TOTAL:** \$294,452

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 4,337 square feet of living area. The dwelling was constructed in 1991 and is approximately 30 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and an 805 square foot garage. The property has an approximately 7,000 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick exterior construction that range in

size from 3,305 to 4,208 square feet of living area and are each 30 years old. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage ranging in size from 462 to 529 square feet of building area. The comparables have improvement assessments that range from \$126,439 to \$163,373 or from \$36.21 to \$46.10 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$172,070 or \$39.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$307,191. The subject has an improvement assessment of \$217,739 or \$50.20 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparable #1 is the same property as the appellant's comparable #4. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction that range in size from 3,255 to 4,203 square feet of living area. The homes were built in 1990 or 1991. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 462 to 913 square feet of building area. The comparables have improvement assessments that range from \$152,366 to \$204,854 or from \$46.10 to \$53.81 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains seven equity comparables for the Board's consideration, as one property was common to both parties. The Board gives less weight to appellant comparables #1, #2 and #4 along with board of review comparables #1, #3 and #4, including the common property, which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be appellant comparable #3 and board of review comparable #2 which are more similar to the subject in location, age, design, dwelling size and other features. These two best comparables have improvement assessments of \$163,373 and \$204,854 or \$38.82 and \$48.74 per square foot of living area, respectively. The subject's improvement assessment of \$217,739 or \$50.20 per square foot of living area falls above the two best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
