

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Rosenbloom
DOCKET NO.: 21-01958.001-R-1
PARCEL NO.: 16-32-401-017

The parties of record before the Property Tax Appeal Board are Andrew Rosenbloom, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,262
IMPR.: \$120,010
TOTAL: \$168,272

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,574 square feet of living area. The dwelling was constructed in 1961 and is approximately 60 years old. Features of the home include an unfinished basement, two fireplaces and a garage with 420 square feet of building area. The property has a 9,000 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction that range in size from 2,003 to 2,800 square feet of living area. The dwellings are 57 to 68 years old. The comparables each have an unfinished basement, central air conditioning, and a garage ranging in size from 264 to 836 square feet of building area. Three comparables each have a fireplace. The comparables have

improvement assessments that range from \$77,320 to \$109,318 or from \$37.92 to \$40.40 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$168,272. The subject property has an improvement assessment of \$120,010 or \$46.62 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,537 to 2,579 square feet of living area. The dwellings were built in 1959 or 1969 with effective years built from 1960 to 1977. The comparables have basements, with two having finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 600 square feet of building area. The comparables have improvement assessments ranging from \$127,153 to \$145,589 or from \$49.75 to \$56.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 which are less similar in dwelling size when compared to the subject. The Board gives less weight to board of review comparables #1 and #2 which have finished basement area, a feature the subject lacks.

The Board finds the best evidence of assessment equity are the appellant's comparable #1 and #4 along with board of review comparables #3 and #4 which are similar to the subject in location, age, dwelling size, and some features. These comparables have improvement assessments ranging from \$97,073 to \$145,589 or from \$37.92 to \$56.45 per square foot of living area. The subject's improvement assessment of \$120,010 or \$46.62 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
