

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Linda Liss
DOCKET NO.: 21-01963.001-R-1
PARCEL NO.: 16-29-419-004

The parties of record before the Property Tax Appeal Board are Linda Liss, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,180
IMPR.: \$104,451
TOTAL: \$141,631

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,774 square feet of living area. The dwelling was constructed in 1986 and is 35 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 399 square foot garage. The property has an 8,150 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding or brick exterior construction that range in size from 1,872 to 2,548 square feet of living area and are 33 to 40 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace

and a garage ranging in size from 400 to 650 square feet of building area. The comparables have improvement assessments that range from \$99,901 to \$125,225 or from \$49.15 to \$53.37 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$141,631. The subject property has an improvement assessment of \$104,451 or \$58.88 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property. Comparables #1 and #2 are the same as appellant's comparables #3 and #4. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 1,650 to 2,002 square feet of living area. The homes were built in 1981 or 1987. The comparables each have a basement, central air conditioning, and a garage that ranges in size from 400 to 650 square feet of building area. Comparables #1 and #2 each have a fireplace. The comparables have improvement assessments that range from \$99,901 to \$105,841 or from \$52.87 to \$62.15 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted five equity comparables for the Board's consideration which includes the two common comparables. The Board gives less weight to appellant's comparables #1 and #2 due to their considerably larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' two common comparables and board of review comparable #3 which are similar to the subject in location, age, dwelling size and most features. These comparables have improvement assessments ranging from \$99,901 to \$105,841 or from \$52.87 to \$62.15 per square foot of living area. The subject's improvement assessment of \$104,451 or \$58.88 per square foot of living area is within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
